

MAIL ROBBERS  
ELUDE THE POLICE

Persons Who Robbed  
Mail Wagon Saturday  
Night Escaped  
—No Clue.

## SECURED BIG SUM

Loss Is Said To Exceed One  
Hundred Thousand In  
Negotiable Paper  
and Cash.

(Special By Scripps-McLae.)

Chicago, Nov. 24.—It is now reported that the loss in the robbery of the mail wagon last Saturday night will reach in the neighborhood of \$100,000. The police have no clues.

It was first reported five thousand dollars in cash, proceeds from the sale of stamps, and approximately the same sum in registered mail, were stolen by daring robbers when they drove away with the collector's wagon from the Masonic Temple.

The wagon contained the registered mail and remittance pouches from the branch postoffice in the Stock Exchange building and the Crilly building at Dearborn and Monroe streets.

Later the wagon and mail pouches were recovered in Kinzie street, near Rush. The pouches had been slit with a knife and the packages taken out and rifled.

The robbery was one of the boldest of recent months and evidently was planned by persons who had exact knowledge of what was in the collector's wagon and of the time the collections were made.

The robbers also apparently knew that the driver of the wagon remained less than three minutes away from it while making his collection in the Masonic Temple, and they made the best of the time by driving rapidly and getting entirely away from the vicinity without being observed.

SYNDICATE HOPES  
TO FIND HUMBERTS

Temped By the Numerous Rewards  
They Will Seek the Notorious  
Swindlers.

(Special By Scripps-McLae.)

Paris, Nov. 24.—The story that a syndicate has taken up the matter of finding the Humberts, the notorious swindlers, who were connected with the disposition of the "Crawford millions," in order to obtain the rewards offered, has attracted great attention. The new chief of police, M. Hamard, informed the newspapers today that the police possess information which probably will lead to the arrest in a short time of the whole Humbert family.

MEN WANTED ONLY  
FOR SIGNAL CORPS

Recruiting Service Is Again Limited,  
Following Order To Reduce Army  
To Minimum.

Private Blake of the recruiting service, United States Army, received a communication on Saturday which indicates that the opportunities for enlistment have again been curtailed. Two men were secured who passed the entrance examination satisfactorily and wished to join the hospital corps. Mr. Blake, following the customary routine of red tape, notified Captain Frank McCoy at Milwaukee of this fact. Captain McCoy telegraphed to Washington for authority to enlist the men into that branch of the service and received a reply that there were no vacancies at present in that department.

COMMON COUNCIL  
MEETS TONIGHT

Will Discuss Plan To Raise the Extra  
\$25,000 To Pay For the  
City Hall.

The common council will meet in regular session this evening at 7:30 o'clock in the council chambers in the city hall. An ordinance for issuing \$25,000 additional bonds to pay for the balance of the cost of construction of the city hall will come up for acceptance and passage. City Engineer Kerch will have the papers ready for the acceptance of the work on Milton avenue and possibly for Marion and Franklin streets. Several other matters of importance will be taken up and disposed of besides the general routine business.

CHICAGO MURDER  
ENDS IN LONDON

Negro Chef Killed A Man In Windy  
City Arrested In  
England.

(Special To The Gazette.)  
London, Nov. 24.—George Stone was arrested in London this afternoon on the charge of murdering a negro in Chicago in 1892. It is believed Stone's real name is George Withy, man, and it is understood that he is suspected of having been connected with several murders in Texas.

Stone was arrested in a low cook shop in Blackwall called the "Tunnel coffee house," where he was once employed. He has been in London since last March. The police believe there will be some sensational developments through Stone's arrest, as it is thought he has been connected with several murders in the United States, especially in Galveston, Tex., where he worked on the railroad.

When Stone was arrested by Inspector Frost, of Scotland yard on the charge of murder, he asked: "Is it for a nigger or a white man?" When the inspector told him it was for the murder of a negro, he appeared relieved. He said the negro referred to had killed him. Then the negro drew a knife and Stone ran up stairs in the house for his gun. The negro followed, and then, Stone says, he shot him.

Stone is a middle aged man, muscular and well developed. He has fair hair and a mustache. He wears a medal of the Perax expedition, which shows he has been in the British navy.

SONGS CAUSE A  
RIOT IN FRANCE

Tours the Scene of An Anti Military  
Demonstration at Saturday  
Night Concert.

(Special By Scripps-McLae.)  
Tours, France, Nov. 24.—A violent riot occurred last night in the theater here over the singing of anti-military songs and several officers who were present were roughly handled. The police and military were called out before the trouble was ended.

## SPARKS FROM THE WIRES.

Gov. Yate's physician reported his progress toward recovery from typhoid as satisfactory.

Judge Grosscup of Chicago has fixed upon December 16 as the date for the hearing of the beef trust case.

At a banquet of the "Founders' club in Philadelphia, President Roosevelt praised McKinley in the highest terms. The government has decided not to further extend the parcels post system as proposed by the French government.

A Macon, Mo., man requested that on his grave there be no flowers but those from his wife's hat, and the wish was complied with.

Six persons were injured, and thirty-five badly shaken up, by a street car accident at Pittsburgh, Penn., caused by the car jumping the track.

Miss Emma Smith, detective of the Englewood, Chicago, Law and Order League, deserted her position and went to Beecher, Wis., to be married.

Casimir Pajcar of Chicago was awarded possession of the lizard which grew in his stomach and for which he sued E. A. Jenkins.

Elsie Viola Larsen, a 14-year-old Chicago girl who was arrested for stealing a horse and buggy, was released because no criminal intent was shown.

Fifty civic organizations of Chicago attended a conference of Cook county improvement societies, and agreed to establish a sort of a civic clerking house.

It is said that the killing of William Fitzgerald by Gouffrey Hunter, Jr., is the outcome of an old Kentucky feud which has been transferred to Central American soil.

PRESIDENT HAS  
MESSAGE DONE

Attention of Congress Is  
Called to Many Evils  
Which Exist In  
the Nation.

## A TRUST PROBLEM

Roosevelt Meets the Issues of  
the Day Squarely and  
With Forcefulness  
and Courage.

(Special By Scripps-McLae.)

Washington, D. C., Nov. 24.—President Roosevelt has his message to congress well under way and it is safe to say that the document will be a most exhaustive one with trusts and their evils and the remedies the chief point of interest.

Tariff Revision  
On tariff revision it is not likely that the President will go further than he has already gone and will doubtless only ask congress to appoint a tariff revision committee to suggest changes that should be made in the present tariff.

Cuba's Defense  
Cuba will come in for its share of discussion as well the coal strike and the satisfactory conditions in the Philippines. The statehood of Arizona, Oklahoma and New Mexico will also be discussed and the improvement of the navy urged.

HAVANA STRIKE  
HAS INCREASED

Various Labor Unions of the Cuban  
Capital Agree To Aid the  
Cigarmakers.

(Special By Scripps-McLae.)  
Havana, Nov. 24.—The various labor unions have agreed to inaugurate a general sympathetic strike with the cigarmakers today. Saturday the coach drivers, cooks, carpenters and masons went out. Today the longshoremen and cartmen will also quit work. The mayor hopes to be able to settle the strike this week.

MAY RELIEVE  
WHITE SLAVES

Austria Takes Steps To Combat the  
Terrible Traffic Now  
Going On.

(Special By Scripps-McLae.)  
Vienna, Nov. 24.—With the approval of the minister of the interior, the Austrian League to combat the white slave traffic will establish branches in all the important towns and frontier stations of Austria, and take active means to suppress the traffic.

TRANSPORT SAFE  
IN PORT NOW

General Miles' Boat the Ingalls Was  
Not Damaged On the  
Reef.

(Special By Scripps-McLae.)  
Manila, Nov. 24.—The United States transport Ingalls with General Miles on board that ran aground on a reef at the harbor of Le Gaspil has been floated and will arrive in port this morning with all on board safe.

JAPAN TROOPS  
LEAVE SHANGHAI

Mikodo Is the First to Withdraw His  
Troops from the  
City.

(Special By Scripps-McLae.)  
Shanghai, Nov. 24.—The Japanese troops are the first to leave the city for their home stations since the outbreak of the Boxer trouble three years ago.

MAYOR SMITH ENDS  
LABOR ON SUNDAY

Pavement Contractor Attempts To  
Hurry By Working On Sabbath—Is Stopped By Police.

For many weeks one of Beloit's principal streets has been in an almost impassable condition, owing to the dilatory methods pursued by the contractor who has charge of the paving. In order to hurry the work through, the contractor put a force of men at work Sunday morning. They had hardly begun when an order issued by the mayor was served on them by the police compelling them to observe the Sabbath day. During the past year Mayor Simon Smith has been severely scored in many of the Line City churches for his failure to enforce Sunday observance of the saloon laws, but yesterday he came in for warm commendation from several of the pastors.

Odesa Free of Plague.  
St. Petersburg, Nov. 24.—Odesa has been declared free from the plague, and export trade from that port is again permitted.

FLAMES RAGING IN  
PETROLEUM WELLS

Buildings are Burned and Many Lives  
Lost In Disastrous European  
Fire.

(Special By Scripps-McLae.)  
Vienna, Nov. 24.—One of the greatest conflagrations that has ever been known in this section of Europe is today raging in the petroleum fields of Galicia and it is thought that the largest well in the vicinity is burning and more may follow.

Loss in Millions  
The loss thus far is in the millions and the wells of the Boertlaw company are practically all ruined and many of the buildings and tanks are in ashes. Just how the fire started can not be ascertained but the fire is still raging.

Seen Two Hundred Miles  
The blaze was seen two hundred miles and as it was a steady fire much fear was expressed that it would burn down into the wells and cause an immense loss of life by explosion. Many are reported as missing.

TO TAKE EVIL  
OUT OF DRINK

French Scientist Separates Headaches  
and Wine That Cheers But  
Not Inebriates.

(Special To The Gazette.)  
London, Nov. 24.—The French scientist, Dr. Pitoy, in an article just published, holds out hopes that the difficulty of providing a satisfactory temperance drink has at last been solved, and this, not by a new beverage, but by a series of new drinks, every wine, beer and spirit now used being provided with a non-alcoholic undertone.

It has hitherto been accepted as a commonplace that there is no fermentation without alcohol. From time immemorial, beers, wines and liquors have undergone this process through the action of some sort of yeast, the effect of which has been to decompose sugar or glucose into carbonic acid and alcohol.

Dr. Pitoy set himself about to destroy this theory, and he now claims that he has discovered that the mysterious fermentations are the work of certain micro-organisms, which he has succeeded in isolating and providing with a separate existence. This new birth, on being introduced into the liquid to be fermented, fattens and swells to the bursting point. The result is a sort of fireworks display induced by the absorption of carbonic acid, each point of which, as it is thrown off, becoming in its turn an active cell. By this means the balls are kept rolling, so to speak, till the process of exhaustion supervenes and fermentation is complete. It is claimed that instead of decomposing glucose into the proportions of one part of carbonic acid to two of alcohol, as by the old proceeding, causes the latter two parts to assume the form of a non-alcoholic substance. It is therefore inferred that beers, wines and liquors submitted to the new fermentation will emerge as temperance beverages.

MRS. GORE'S DEATH  
STILL A MYSTERY

Police Fail to Discover Any Cause For  
American Woman's  
Murder.

(Special To The Gazette.)  
Paris, Nov. 24.—A detective, a dentist at 16 Rue de la Paix, said today in reference to the death of Mrs. Gore that he knew the Gores well when they were in Mexico. They were a good family and had considerable money. They mingled much in society. He said it was not true that the Gores had been divorced, although they separated. He said "Tommy" Gore is a good musician and a jolly fellow, who always admitted that the fault for the disagreement was on his side. A friend tried to patch up the quarrel but was unsuccessful.

Mrs. Gutner, who was formerly an intimate friend of Nellie Gore, says she was a woman of the sweetest and brightest disposition, who was incapable of any impropriety.

The mystery of the Gore case is explained by a friend of the woman, in this way: There is no doubt that friendship existed between Mrs. Gore and Rydzenski based on their common musical tastes. They went to musical entertainments together and their friendship was shown in their last visit to the studio of Lassalle.

The maid who took care of Rydzenski's apartments says that the day of the tragedy Rydzenski sent a telegram to Mrs. Gore, asking her to call on him. The friend who explains the circumstances says that Mrs. Gore did not suspect anything wrong and acceded to the request. She trusted implicitly in his honesty of purpose, especially in view of their musical relations. When she arrived at the rooms Rydzenski evidently ignored the freedom allowed to American women. Mrs. Gore became terror stricken and seized a revolver lying on a table with the idea of protecting herself. Then Rydzenski realized the situation and cooled down. He sought to wrest the revolver from Mrs. Gore and in the struggle it was discharged, with the result that the woman was killed.

Railroad Men's Pay Raised.  
Indianapolis, Ind., Nov. 24.—The Union Railway company has increased the pay of its trainmen, engineers and firemen. The advance will be 2 1/2 cents an hour.

LUKE WHEELER  
MAY GET REWARD

His Valuable Testimony  
Against Gormley, Is  
Likely To Win  
His Liberty.

## REQUEST IS DENIED

Attorney Wants Case Taken  
From the Jury And Asks  
For Verdict of Not  
Guilty.

(Special By Scripps-McLae.)  
Chicago, Ill., Nov. 24.—When the trial of Gormley of the Masonic Temple was resumed this morning his attorneys asked that the case be taken from the jury and a verdict of not guilty returned discharging the defendant.

Plea Refused  
The plea was refused by the court and the case was resumed. The claim that the request was based upon was that the evidence given did not hold out the charge of the indictment and was at complete variance with the charge.

May Free Wheeler  
The district attorney has not yet decided whether Luke Wheeler's testimony is not of sufficient value to the state in prosecuting the cases to warrant his being released from his jail sentence. Williams will, however, have to serve.

LARGE SUM STOLEN  
FROM EXPRESS CAR

Forty Thousand Dollars Was Taken  
By A Sneak Thief at Lincoln, Neb.

(Special By Scripps-McLae.)  
Lincoln, Neb., Nov. 24.—It became public today that a package containing forty thousand dollars was stolen from the Adams Express car on the Burlington's Portland train at the depot here Friday last. It is thought that a sneak thief obtained the money while the messenger's back was turned.

BISHOP SPALDING  
MAY BE CHOSEN

Pope May Decide to Appoint Him  
Archbishop of Chicago  
District.

(Special By Scripps-McLae.)  
Rome, Nov. 24.—From the present outlook Bishop Spalding of Chicago will be appointed to succeed Archbishop Fechen as archbishop of the Chicago district. His case will be taken up by the propaganda December 15.

COMES TO TAKE  
WU'S PLACE

Liu Liang Chen Tung New Chinese  
Minister Starts For  
Washington.

(Special By Scripps-McLae.)  
Peking, Nov. 24.—Sir Liang Chen Tung, the new Chinese minister to the United States started Sunday for Washington. He was signally honored by the Empress just before his departure.

GOLD'S PRICE IS  
HIGHER IN MEXICO

Premium Over Silver Very Great and  
A Panic Is Feared  
Soon.

(Special By Scripps-McLae.)  
City of Mexico, Nov. 24.—The heavy advance of the gold premium has caused great excitement in business circles here and a panic is expected.

HAVE NOT RENTED  
SYLVESTER PLANT

American Cigar Company Not To  
Have the Warehouse Located  
In This City.

H. S. McGiffin, western agent for Lewis Sylvester & Son of New York City, is authority for the statement that the American Cigar company has not rented the Sylvester warehouse in this city.

The warehouse will be conducted this season by Mr. McGiffin who will put up a packing of 5,000 cases for the American Cigar company. The contract calls for 5,000 cases and as many more as he can handle. The tobacco has already been purchased by the American Cigar company and will be delivered by them at the warehouse.

In order to utilize all his room in the Sylvester warehouse for this purpose Mr. McGiffin will pack the tobacco purchased by him for Sylvester & Son at Milton and at Milton Junction. He has rented the Gates warehouse at Milton Junction and will also have the St. Paul warehouse at Milton.

MONTE CARLO TO  
HAVE A RIVAL

Corfu Council Grants A Syndicate  
the Right to Establish  
A Casino.

(Special To The Gazette.)  
London, Nov. 24.—Despite opposition at Athens, where the press was strongly opposed to the schemes, the municipal council of Corfu has ratified the contract which the mayor of Corfu made with a syndicate of European capitalists to allow the establishment at Corfu of a gambling casino on an elaborate scale.

The syndicate, which is connected with the gambling establishments of Spa and Ostend, intends to transform the island into a second Monte Carlo. The residents of Corfu hope that the establishment of the gaming palaces will relieve the poverty which has reigned on this beautiful island since the British ceded it to Greece in 1864.

The newspapers of Athens declare that the realization of the scheme is a disgrace to Greece. They invite Lord Lansdowne, as the British foreign minister, to intervene on the ground that the site which has been granted to the syndicate for a term of thirty-nine years for a casino, bath, and gardens, is an English cemetery, the tombstones in which the syndicate proposes to remove.

A clause in the agreement of Great Britain with the Ionian parliament in 1863 expressly states that the right to property in English cemeteries in the Ionian states is confirmed to the British government, and that the cemeteries are placed under the full protection of the laws of the state.

SCHOONER SUNK  
BY STEAMSHIP

Collision Causes Loss of Vessel and  
Five Hundred Quintals of  
Codfish.

(Special By Scripps-McLae.)  
St. John's, N. F., Nov. 24.—The British steamer Damara, Captain Goret, from Halifax for Liverpool, via St. John's, while entering port last evening collided with and sank the schooner Shamrock, laden with 500 quintals of cod fish. The schooner's crew was rescued by the steamer, which was not damaged. It is alleged that the schooner was showing no lights, which precaution is frequently neglected by the Newfoundland fishing vessels.

## STATE NOTES

Carroll college now has 125 students. It is expected that before the end of the year all past records will be broken.

Gustavus Stone, a pioneer of Beloit formerly a member of a firm for the manufacture of a twin binder, died Saturday.

Sheriff White of Elkhorn refused to arrest a suspected character who was accused of the Wickliff murder near Palmyra.

A new school building will be erected at Elkhart Lake, on the site of one of the present buildings. The cost of the structure will be \$8,000.

Many Wausau people have been swindled by a "Boy Phenomenon" who offered for a consideration, paid in advance, to heal all manner of diseases.

A new building for the Lake Telephone exchange in one of the outlying wards of Milwaukee is nearly completed. Its architecture is novel and homelike.

Miss Kate Schaeffer of Somers, after eight years as a missionary at Hui-Nan, China, has returned to her home. She will soon go back.

Several suppers and sales have been held by Ripon college to gain funds for the musical department. The last was given in Bartlett hall on Friday.

Through the efforts of Dr. C. von Neupert of Stevens Point will have a new hospital, built and equipped at a cost of from \$8,000 to \$10,000.

Mrs. Alzina Meadows and Mrs. Almira Coleman of East Troy are considered the oldest twins in Wisconsin. They are eighty-three years of age.

Two Chicago men have been in Eau Claire during the past week to consider the consolidation of light, waterworks, and electrical transportation with Chippewa Falls.

The sheet metal mill at Waukesha which have been shut down for several months, it is reported, are soon to be re-opened. A new plant with a capitalization of over \$500,000 is contemplated for making the steel bullets.

There has been much talk of a new building for the University of Wisconsin at Madison, which will adequately supply the needs of the women of the institution. About \$75,000 would be required for its erection.

The saw mill season has ended in the Chequamegon bay district after one of the smallest cuts in the history of that part of the state. What the spring will bring up in the contract line is being gravely conjectured.

A new evangelical Lutheran church has been dedicated at Brillion which is of very attractive appearance and much better suited to the needs of the congregation than the old structure.

Investigation of the death of Mrs. John Woods, whose body was found near Exile, has led to the belief that she wandered into the woods while asleep, and when she awoke she could not find her way back and died of cold and starvation.

Coal-Mine Fire Rages.  
Trinidad, Colo., Nov. 24.—The Englefield coal mine fire is still raging, and all efforts to get it under control are apparently fruitless.

FEARFUL RIOTS  
REIGN IN CUBA

Streets of Havana Are the  
Scenes of Lawlessness  
and the Shedding  
of Blood.

## POLICE TAKE APART

Strike of Tobacco Workers  
Reaches A Climax This  
Morning—Shops Are  
Closed.

(Special By Scripps-McLae.)  
Havana, Nov. 24.—The labor troubles in Havana reached a climax this morning when thirty thousand tobacco workers and their sympathizers mobbed the public buildings and caused bloodshed and destruction on every hand. The trouble began when the street cars began to run and Havana is at present a city of riot.

Shops Closed Up  
Starting with the riots about the street cars the mob turned their attention to everyone on the streets and also to the stores. Windows were broken and finally the shop keepers were forced to close their doors and bar their windows. Bullets are flying on all sides and innocent persons in houses are reported as being injured.

Men Are Killed  
Police and strikers clash continually and Captain Maso, a former president of the Cuban republic and three strikers were killed and many more injured. The mob attempted to attack the palace but were driven back after a hard pitched battle.

Demands Protection  
United States Minister Squires has demanded protection for the Americans on the island and President Palma has assured him that if it is necessary to kill every person in the mob this will be done.

Disables His Cabinet  
This afternoon President Palma has sent word to the senate that he can not run the government with his present cabinet and demands that they be recalled.

More Dead  
It is now understood that many more are dead and that all the city has not yet been heard from. The United States artillery is being kept under arms in their armories for an emergency.

POPE LEO PLANS  
FOR THREE YEARS

Makes An Engagement For A Visit In  
1905 By Canadian  
Bishop.

(Special By Scripps-McLae.)  
Rome, Nov. 24.—The pope today gave a farewell audience to Archbishop Bruchsal of Montreal and made plans for a second meeting three years from now.

IS GIVEN REWARD  
FOR AFRICAN WORK

Maj. Ross Presented With \$15,000  
For Studying the West  
African Mosquito.

(Special By Scripps-McLae.)  
London, Nov. 24.—Major Ross will receive a prize of \$15,000 for his work in the west of Africa studying the mosquito.

SENTENCE PASSED  
BY JUDGE FIFIELD

William Brooks and Al Dorsey Are  
Fined and Will C. Vankirk  
Is Sent to Jail.

The case of William Brooks and Al Dorsey, who were arrested some time ago for stealing clothing from some men they were working with on the Hughes farm, was called this morning in the municipal court.

At the time of the trial Judge Fifield did not pass sentence on the boys, but adjourned until today in order to allow them to go to work and earn some money with which to pay a fine and settle with the men.

Dorsey and Brooks were both in court this morning. Brooks was sentenced to pay a fine of \$5 and one-half the costs, \$2.50, or to spend fifteen days in jail. He did not have the money but his guardian telephoned that he would see that the fine was paid. Dorsey was fined \$3 or one-half the costs, or to spend ten days in jail. He was given until Dec. 1 to settle.

William Vankirk was up for being drunk and disorderly. He was sentenced to spend five days in jail and to pay a fine of \$2 and 1/2 cents, or spend five additional days in jail.

Big Shrinkage in Rands.  
London, Nov. 24.—The Statist estimates the shrinkage in the market valuation of Transvaal mining securities since the peace agreement was signed, on May 21, at \$250,000,000.

Noted Song-Writer Dies.  
Philadelphia, Pa., Nov. 24.—Septimus Winner, composer of "The Mocking Bird" and hundreds of other popular songs, died suddenly at his home here. He was 76 years of age.

## ALL MEN OUGHT TO GIVE THANKS

PEOPLE'S HEARTS SHOULD BE ATTUNED TO PRAISE.

### SERMON BY REV. HENDERSON

Boy's Choir Makes Its Initial Appearance At Morning Service At Presbyterian Church.

As a preparation for the annual Thanksgiving day, next Thursday, Rev. J. T. Henderson devoted the service at the Presbyterian church yesterday morning to a service of praise. The boys' choir made its first appearance for the season at this service and the large congregation which filled the church auditorium to its capacity found sincere pleasure in the chorus of sweet boyish voices which were trained by Mrs. John G. Rexford.

**Inspiring Music**  
The musical program was very fine and included three organ numbers by Mrs. J. F. Swenson. The boys' choir sang "The Morning Land" by Perkins and also gave the chorus for Roy W. Carter's solo, "The Choir Boy's Dream" by Lambert. Mr. Carter has a pure and melodious barytone voice which he uses with sympathy and feeling.

**An Exhortation To Praise**  
Rev. Henderson took as his text for his Thanksgiving sermon the fourteenth and twentieth verses of the fifth Psalm: "Offer unto God thanksgiving and pay thy vows unto the most high. Whoso offereth praise glorifieth me."

Thanksgiving is one of the most glorious duties and richest privileges which devolves upon man. There are more exhortations to praise than in the Bible. People ought at least to engage in thanksgiving as often as in supplication. The Bible emphasizes praise. Take the words of praise out of the Psalms and there would be little left.

**Good To Give Thanks**  
It is good to give thanks, first because God desires it. That is the first and greatest reason and should be sufficient but there are other incentives. The expression of praise in the Bible finds an echo in every man's heart. It is good to look back over the mountain peaks of praise, the occasions when Noah, Moses, David, the Pilgrim fathers, the governors of the colonies and Washington, the father of his country, called upon people to give thanks. Then in 1862 the first national holiday after which the Thanksgiving of today is patterned was held. Beneath these mountain peaks are rich valleys peopled with grateful hearts.

**Get The Heart Right**  
It is meet to begin Thanksgiving on the Sabbath before the national Thanksgiving day because it is to God that thanks are due. No Thanksgiving service is complete with heaven left out or with God forgotten yet on next Thursday there will be many men who will give thanks to themselves for the prosperity of the past year.

**Keep in Touch With Earth**  
From the first Thanksgiving has been closely allied to the earth and material things. God wants men to keep in touch with the earth, to use the material things as a scaffolding to climb to the higher things. Men should be thankful for material successes. There are so many blessings that it is well to count the rosary of outward prosperity to measure thanksgiving by the pearls of successes. Men are not to ignore these things but material blessings are not the greatest.

The real spring of gratitude is not the outside blessings but in the heart. Therefore it is well to get the heart attuned to thanksgiving. If giving thanks on next Thursday depended only on what the world gives, there are many who would be barred. There must be reason deeper than worldly prosperity, health and happiness. There must be some deeper reason for thanksgiving for those into whose homes sorrow has come.

**The Highest Blessings**  
It would be unwise and ungrateful not to enumerate and give thanks for the many beautiful things in the world but after all men should thank God more for spiritual than for temporal things. They should see occasion for thanksgiving in many things in which the world sees only reason for lamentation. People pray for courage and for patience and when difficulties come to test them, they see only sorrow and fail to recognize that God is simply answering their prayers.

**The Best Thanksgiving**  
Material blessings should be mentioned merely to get them out of the way. If too much time is spent on temporal things this week there will be little time to give thanks for the real blessings. The greatest things that come into people's lives to make them thankful are the things which minister to the higher life. The greatest thanksgiving is daily and hourly thanks-giving.

## SENSATIONAL PLAY FAIRLY WELL GIVEN

A Gambler's Daughter Is Presented at the Opera House By A Weak Cast.

At the Myers' Opera House on Saturday evening a mediocre company presented a sensational melodrama, "A Gambler's Daughter." Indifferently well. The scenery was more elaborate than anything that has been carried by a show of that class visiting here this season. Two or three of the characters displayed a certain degree of ability, and ranked well with others who have been on the local boards. A few songs were introduced to good effect, while others proved a decided fizzle.

The St. Paul Calendar for 1903. Six sheets 10 x 15, in colors, of pastel drawings by Bryson, is now ready for distribution and will be mailed on receipt of twenty-five (25) cents—coin or stamps. Address F. A. Miller, General Passenger Agent, Chicago.

## MESSRS. HUNT AND KING LEAVE

Good Meetings Are Brought to An End—Had Full Day of Services.

After two weeks of successful meetings, C. N. Hunt and Roscoe King closed their labors in this city with an unusually successful busy day. The Baptist church was crowded until it could hold no more both morning and evening, and in the afternoon a large meeting was held for men. Not content with addressing these three audiences, Mr. Hunt spoke to the Sunday School, and this was not the least fruitful of his talks.

Mr. Hunt's morning topic was "God Calling Yet;" in the afternoon, "Excuses;" and in the evening "Christ or the Robber." To make comparison between the effectiveness of the different addresses would be impossible. The same class of sane and rational arguments were used in the same judicial way on each occasion. It has been remarkable how many talks Mr. Hunt has given during the time in which he has been here, which have all treated of the same central theme, and yet have been wholly differentiated in individual treatment.

At each of the services the children's choir—"The Sunbeams"—appeared, one hundred strong. Mr. King has accomplished wonders in drilling the children, and they have been much more tractable under his leadership, than the children are wont to be under such circumstances. Each of them has been won by his attractive personality.

Alfred Olsen appeared as soloist with the Sunbeams at the men's meeting, singing the verse of one of the choruses very sweetly.

The large chorus choir assisted materially at two of the services, but was missing in the afternoon. A male quartette, consisting of Messrs. VanPool, Taylor, King and Bastin, took its place.

Rev. Vaughan expressed appreciatively the good which has been wrought by the two gentlemen, and comments of thankfulness were common at the close of each meeting, that Janesville had been so fortunate as to have had their presence for so extended a season.

Mr. Hunt and Mr. King left today for Minneapolis, where they will remain over Thanksgiving before taking up their work to gether again. This will be Mr. Hunt's first visit to his family since returning from his work across the ocean, the steamer having been delayed so that it was impossible for him to go home before coming here, as he had at first planned to do.

During the coming week, the meetings will be continued. The aim is that they may be brief, earnest, and helpful. The pastor of the church will speak. The topics selected are as follows: Tuesday—"The Prelude to Conversion," Wednesday, "Change Your Minds," Thursday, "I Thank Thee," Friday, "How To Know We Are Saved."

The Sunbeam chorus has been found so helpful that it will be continued. Miss Cora Anderson, Miss McDonald and Miss Van Vranken will take charge. They will sing on Tuesday and Friday of this week, and will have rehearsals on those days.

## BRASS WORKS WILL BEGIN OPERATIONS

New Plant in Line City Is Ready For Business—Will Depend On Home Orders.

Just across the line from Beloit has been erected the plant of the Beloit Brass Works, which is expected to begin operations before the end of the week. It is located on the bank of Rock River, and the entire building is 30 by 100 feet in size, the furnace, occupies 65 feet of the total length. At the high rate which such products now bring, this is considered no appreciable amount of business.

Mr. Hammill, the operator of the plant, is making no statement regarding the number of men who will be employed. He expects to do a large quantity of job work, and he cannot tell how much it will amount to until a trial has been made. A great deal of brass is required in the Beloit factories, and he expects no inconsiderable local trade.

## CITY CHAMPIONSHIP GAME NOT PLAYED

Goose Island Contest Between Fourth and Fifth Ward Was Postponed Until Later.

Owing to the absence of several of the players, the game which was to have been played at Goose Island yesterday afternoon was postponed indefinitely. The contestants were to have been the Fourth and Fifth ward football teams. The latter aggregation is confident, since its victory over the First ward on last Sunday, that it is entitled to the city championship, but wants to clinch the honor by defeating several more teams before the season is ended. It is feared now that it is too late for many more gridiron battles.

### A CARD

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Green's warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

## FATHER GULSKI BLESSED STATUES

NOTED CATHOLIC DIVINE WAS HERE FROM MILWAUKEE.

### SERVICE WAS AT ST. MARY'S

New Statues and Altar Rail Were Occasion of Impressive Ceremonies Sunday Morning and Evening.

Father Gulski, of St. Hyacinth's church, Milwaukee, performed the ceremonies of blessing the new statues and altar rail in St. Mary's church yesterday. In the morning a solemn high mass was celebrated, Father Gulski speaking briefly of the life of St. Anthony. In the evening the statues were blessed, and Father Gulski gave instructions regarding the functions of the statues.

Two statues were in their place on beautiful brackets at the rear of the church. St. Anthony, holding the child Jesus in his arms, and giving a loaf of bread to a beggar at his feet is placed near the left entrance, while St. Ann occupies a corresponding position by the right hand door. At the front of the church on the right hand side is the statue of the Sacred Heart. The elaborately decorated altar rail of attractive design is in its place.

In the celebration of solemn high mass, Father Gulski acted as celebrant, Father Gobel as deacon and Rev. James McGinley as sub-deacon.

The music was of an especially high order both morning and evening. In one of the morning solos a cornet obligato was used with pleasing effect. For the processional of the afternoon the children's choir had been drilled with especial care, a special rehearsal being called for Sunday afternoon.

Father Gobel spoke in the morning of the life and works of St. Anthony, his protection and care for the poor, and his many other benevolent works. He died at the age of thirty-five, and within a year from that time he had been canonized by the church, honored as a saint.

In the evening his remarks pertained to St. Ann, and to the statue of the Sacred Heart. At the latter service the capacious church was filled to overflowing, many being forced to leave for lack of room. Father Gulski, who is one of the ablest divines in the Milwaukee church, spoke with great force of the intercession of the Saints, and the use which the church makes of their statues. The services were conducted with unusual solemnity and impressiveness.

## AUTOS FRIGHTEN BELOIT HORSES

Two Run Away in A Single Afternoon—Scared By Same Automobile.

Beloit's automobiles have not yet made friends with the equines of the city. Two runaways resulted in a single afternoon from one of the "devil machines" last week. Charles Lipman was the owner of the machine, which was running down School street Saturday afternoon when a grocer's horse took fright and started down the street at a lively clip, and finally collided with a baggage wagon on the principal business corner, and came to a standstill.

Mr. Lipman had hardly started his auto again before a second horse became unmanageable and bolted. Three young ladies were seated in the carriage and might have been seriously injured, a part of the harness having been broken, had not Tom Sly, the city dog catcher, caught the animal by the bridle. Mr. Lipman is now wondering whether he will have to forswear the use of his machine and return to a horse and buggy.

## ELDERLY LADIES WERE ENTERTAINED

Mrs. Hulihan and Mrs. Doty Gave Closing Five O'clock Tea On Saturday Evening.

On Saturday evening Mrs. Sarah A. Hulihan and Mrs. Edward P. Doty gave the final five o'clock tea of the series at which they entertained their lady friends so charmingly last week. The guests on Saturday were the more elderly ladies, a company of about fifty enjoying a delightful evening together.

The details of the party were practically the same as on the preceding evening. Mrs. Hulihan and Mrs. Doty, assisted by Mrs. T. J. Zeigler, of Chicago, and Mrs. E. J. Parsons, of Toledo, O., received their guests in parlors beautified with Alabama amylax, choice cut roses, chrysanthemums and carnations. The tempting three course luncheon was served prettily at small tables and the evening was spent enjoyably at the card tables, six handed euchre being the game played.

The first prize, a handsome plate, was won by Mrs. Abbie L. MacFarlane, while Mrs. Hamilton Richardson received a pretty lace handkerchief as the consolation prize.

### CALIFORNIA

Fully described and illustrated in an artistically arranged and beautifully printed book of sixty pages, just issued by the Chicago & Northwestern R.R.; also portraying the scenic beauties, commercial, industrial and transportation advantages of this wonderful state; of particular interest to those contemplating a trip to the Pacific coast. Excursion Rates to Chicago Via C. M. & St. P. R.R.

Dec. 1, 2, and 3, good to return until Dec. 8. At one and one-third fare for the round trip; act! Live Stock Exposition.

## WOULD WRESTLE WITH THE TURK

Dan Murphy An Ambitious Western Wrestler Would Like to Meet "Terrible Turk."

Another wrestler wants a chance at the local men. He claims to be the heavy weight champion of the Rocky Mountains and says that he will be in Janesville Tuesday to back up all his claims in person. His challenge follows:

Chicago, Nov. 22, 1902.  
Editor Janesville Gazette:—Dear Sir—I hear that there are a couple of wrestlers in and around your locality. Rhinhold Schott, Henry Bolsjoly and the "Terrible Turk." Now I understand that the "Turk" is the best man of the lot and he is the one that I want to wrestle. I just arrived here from the Rocky Mountain states where I have been wrestling for the past three years without a defeat. Now I will be in Janesville about Tuesday and if the "Turk" will accept my challenge I will wrestle him—winner to take all—side bet and purse—the match to be catch-as-catch-can style, best two falls out of three, strangle hold barred. Now Mr. Editor, I would like to have you publish this challenge and I will be there on Tuesday to back up what I say. I remain sincerely,  
DAN MURPHY.

Champion Heavyweight of the Rocky Mountain States.

## NOVEL PLAN FOR BIRTHDAY GIFTS

Boston Society Adopts A New Method of Giving Presents To Young Mothers.

Emulating from Boston is the very latest suggestion in the line of woman's work for the betterment of the condition of womanhood, which already has received the unqualified endorsement of many persons identified with philanthropic enterprises. The plan proposed is patterned somewhat on the lines of insurance, only instead of providing for the payment of a sum of money in the event of death it is intended to provide a fund by regular contributions through which the members shall secure what is termed a "Birthday Gift" of a sum of money conditioned upon the birth of a living child.

The membership will be limited to married women of good moral character, and each application will be examined by a membership committee consisting of well known persons associated with woman's work. Each woman forwards direct to a bank of established reputation an apportioned sum not exceeding \$3.00 per month, and after making from ten to 23 consecutive contributions, becomes entitled to a dividend by a sliding scale in amounts from \$200 to \$500, of the sum lying to the credit of the fund in the bank at the time; no one payment however to exceed \$500.

The Birthday Gift is made only on presentation of evidence of a living birth to a member after it is approved by at least one member of the Advisory Board composed of prominent people.

Quarterly dues of \$1.00 provide for all the expenses connected with the operation of the enterprise. A magazine will also be published in connection with the plan under the auspices of the various woman's clubs of the country which will be sent to each of the members, giving special prominence to the physical, mental and moral training of children and subjects of interest during the prenatal and nursing periods, thus broadening the influence of woman's organizations by reaching a larger class of mothers not members of clubs.

The idea has already been widely discussed among the various woman's clubs, and has been favorably received. It is universally admitted by men that such an institution will be an immense boon to thousands of women. It is felt that pecuniary embarrassments incident in many cases prior to child-birth, affect the unborn child to a degree impossible to gauge, and that he knowledge that such a sum was forthcoming would go far to produce a stronger child, both physically and mentally.

It would affect the character of the child, it is asserted, and tend to largely improve the caliber of coming generations by reason of favorable pre-natal conditions.

Although the projectors of the enterprise are unwilling to discuss their plans in detail at the present time, the organization will be known as the Mothers' Birthday Club. It is intended to operate it as an auxiliary to the national organization of the mothers' clubs, and at the recent congress of mothers' clubs, that subject was informally presented and enthusiastically received.

The advisory board has not yet been completed. Offices have already been opened in the Colonial building, Boston, with Mrs. Adelaide F. Chase acting as corresponding secretary.

### FOR OVER SIXTY YEARS

Has made and sold the old well-tried remedy Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, kills pain, cures wind colic and is the best remedy for diarrhoea. 25c a bottle.

### \$3 To Chicago And Return

For the Wisconsin-Chicago football game at Chicago, Nov. 27, excursion tickets will be sold by the C. & N. W. R.R. good only on Nov. 27th; going by C. & N. W. R.R.; returning by C. M. & St. P. R.R. at rate of \$3 for round trip. Special trains returning will leave Chicago by C. M. & St. P. R.R. at 11 p. m.

We sat at the table together. She cast a shy glance over at me. She certainly looked like an angel. Oh, Charles! Please order me Rocky Mountain Tea. Smith's Pharmacy.

The price of Thanksgiving turkeys in Chicago promises to be high. 500,000 will be needed to supply the demand.

### JUNIORS ENTERTAIN

Little People of the First M. E. Church Give Splendid Program. The entertainment given by the Junior League of the First M. E. church last Friday evening was a grand success. The little folks acquitted themselves nobly in the program given the first part of the evening. After a chorus by the Juniors, Winifred Granger captured her audience by the sweet manner in which she gave "The Truant Sunbeam." Paul Richards then sang "Chicka-dee-dee." Glen Brown, Hattie Delisle and Fred Granger each gave fine recitations. Little Francis Granger sang a sweet little song and the pastor's wife, Mrs. Warner, sang a lullaby which was so heartily applauded that she responded with an encore, singing "Last Night." The program closed with a duet by Hattie Delisle and Florence Bagley, after Bro. Warner had spoken encouragingly to the little folks. Refreshments of cocoa, cake and wafers were served in the Sunday school room by the Juniors, who did as well in this line of work as they had in the program. The program and social was under the direction of Mrs. Harfoot, Supt., and Miss Rider, Asst. Supt.

## SHADE GROWN TOBACCO CROP

Heddles' Crop Is Now Ready For the Curing Room and Promises Very Good Results.

S. B. Heddles & Son have their crop of shade grown Sumatra tobacco all ready to be put into the curing room this week where it will be put through a bulk sweating process before it is assorted. As Mr. Heddles has a curing room peculiarly adapted to this kind of sweating, both Mr. Haines and Mr. Bemis will have their crops of shade grown tobacco cured at the same time.

**Must Be Watched**  
The crop has to be watched during the time it is in the sweating room and turned over a number of times to keep it in proper condition. After the tobacco is cured and sorted it is not put in cases but is put in bales the same as imported Sumatra.

**A Big Yield**  
There is nothing certain about the price that the growers will receive for those goods, but as far as the yield was concerned the result was satisfactory. From two acres of their covered field, Heddles & Son picked 2,427 pounds of leaves, which is considered a big yield. Other parts of the field was low ground and the yield was not as large but altogether they are much pleased with the result.

## A Cure for Asthma

The worst cases of Asthma in the world succumb readily to the one great cure that never fails. Dr. Rudolph Schiffmann's Asthma Cure almost performs miracles.

Mr. R. M. Spencer, 2350 Vermont avenue, Toledo, O., says: "Asthma has been growing on me for 3 years, until last summer the attacks became so severe that many nights I spent half the time gasping for breath. Doctors seemed to give no relief whatever, and I felt there was no hope for me, when a drug clerk recommended your Asthma Cure. Its effect is truly magical and gives complete relief in from 2 to 5 minutes."

Sold by all druggists at 50c and \$1.00. Send 5c stamp to Dr. R. Schiffmann, Box 593, St. Paul, Minn., for a free sample package.

## KICKING THE PIG SKIN.

Notwithstanding the numerous handicaps piled upon them, Janesville defeated Whitewater handily. Through out the game two positions were filled by "subs"; one of the star players entered the match in the second half and replaced, before the end, from the reserve list; for the last three days the practice has been lethargic and listless; and it had been expected that other places might need to be supplied from the alternates.

In the decisive Denison cup game the opposing class men had gone in with so determined a will that Locke and Yates both fell victims. The latter came out in a suit at the game Saturday, but it was not thought wise to call upon him. Locke was replaced by Hogan.

But of perhaps prime importance was the accident which occurred in practice during the past week to Flaherty. It was first thought inadvisable to allow him to play, but he went in and carried the ball victoriously, but not with quite the same splendid abandon which has marked his earlier efforts this year. But he could not last, and was taken out near the middle of the second half. Robert took his place and played a good game during the time left to him.

**Galbraith Was Star**  
Galbraith played the game. Others did not drop below the usual standard. Casey butted the line as fearlessly as ever, taking the ball repeatedly for any desired distance. Millmore came in for some long sprints and Carle put up the same armor-clad defence which has characterized him in the past. But Galbraith soared above all of his previous attainments. In long distance runs Galbraith nearly equalled his achievements of the first of the season, when Janesville was pitted against some easier propositions. He returned a punt for nearly fifty yards, and broke through the line on the goal for good distances repeatedly. On defence he nipped everything which came around his end, ripping up the interference, and nipping several fine plays in the bud. When Flaherty was taken out he handled the punting end of the game for Janesville, and did it in a way which astonished everyone.

**Whitewater Ends Strong**  
Janesville met her hardest problem in attempting to get past Whitewater's ends. Hennessey and Quinn both figured in blighting the Dower City hopes on more than one occasion. Quinn was finally knocked out of the game after he had been walked over in a scrimmage. Reed and Engbreton both made good gains for Whitewater when carrying the ball, and on defence broke through repeatedly.

Colbert, at left guard, walked through the line with maddening ease, putting an effectual damper on one or two backs. But Whitewater did not play together well enough. They were fast individually, but the speed which should have told against Janesville, for the two teams were evenly matched in weight, failed of its accomplishment through loose and ragged team play. This was more true of the first half than it was later. Nearly five hundred persons saw the game. A bitter cold wind kept many of the faithful who have been on hand at every previous game away from the field. But as they had paid in advance for the season, the management did not shed any tears over this deficit. The array of traps and carriages on the side lines was greater than at any previous game this season.

Janesville won the toss and chose the north goal. Engbreton kicking off for Whitewater. Harlow took the leather on the 20-yard line and advanced it seven. Casey following with two successive backs which netted eight yards, five yards being allowed immediately after for off-side play. Casey then took the ball for seven yards. Millmore was held. Casey seven. Casey one-half. Flaherty four. Casey one-half. Galbraith one. Millmore six.

Galbraith then took the pigskin twenty yards off-tackle for a touchdown. The line was crossed six minutes after time was called. Palmer kicked goal prettily.

Score—Janesville 6, Whitewater 0.

**Made Small Gains**

Engbreton kicked off. On the twenty-yard line Casey was downed, after advancing about two yards. Then followed long series of short gains, none of them exceeding eight yards, and the majority being smaller. In several cases the ball was pushed back, but the distance was invariably made on the third down. Finally Casey took the ball about four yards for a touchdown. Palmer failed the goal.

Score—Janesville 11, Whitewater 0.

After a few minutes more play, Engbreton kicking off as formerly, the half ended with the ball on Whitewater's twenty yard line.

**Second Half**

Casey kicked off at the beginning of the second half. Hennessey getting the ball on the 15-yard line, and advancing it five before he was downed. Reed took it for two yards. Johnson for one half and Reed one. Janesville got the ball in downs, and started down the field using Galbraith, Carle, Flaherty and Casey. Harlow also made a good run. Whitewater then began to stiffen up and Janesville began to despair of making the distance, so Flaherty was called on to punt. Trautmann attempted to catch the ball on the two-yard line, but was forced to cross to pick it up. Before he could advance it Hogan was upon him, and the remainder of the team followed, making a safety.

Score—Janesville 13, Whitewater 0.

**Whitewater Braces Up**

The game now became closer, and for some time the ball saw-sawed back and forth, first in Janesville territory and then in Whitewater, although it never went close enough to Janesville's goal line to cause any apprehension. Flaherty remained lying on the ground at the close of one scrimmage, and he was carried limping from the field, Rechter replacing him. On the next down Quinn was knocked

out, and Pitt went in to play his position.

Time was called repeatedly for both teams, the men being plainly not in the hardest of condition.

Just at this stage in the game the two sensational runs of the game were made. One of them was by Galbraith returning the ball nearly half the length of the field on a punt. Millmore broke through and with a clear field made thirty yards before he was overtaken.

Casey finally made the touchdown on a short line back. Palmer kicked goal.

Score—Janesville 19, Whitewater 0.

When the game was ended a few minutes later, the ball was in Whitewater's territory.

Final score—Janesville 19, Whitewater 0.

**The Line-Up.**

JANESVILLE (19) Position. WHITewater (0)

Touchdowns—Galbraith, Casey (2).  
Length of Halves—20 minutes.

**RESUME OF SATURDAY**

No Great Surprises Are Developed By

The Games Elsewhere

Saturday's football games resulted in only the expected results. Yale won from Harvard by a score of 23 to 0, and Illinois defeated Northwestern 17 to 0. Michigan ran up a tally of 63 to 0, and Dartmouth won from Brown 12 to 6.

**Yale's Victory.**  
Yale's decisive victory over Harvard places the Sons of Eli at the top of the column for football teams for the season of 1902 in the east. It completely reversed the score of last year's game which Harvard won 22 to 0 and played in its former championship form.

**The West.**  
In the west Michigan and Illinois and Northwestern were the only teams to play at all. Illinois victory over Northwestern was looked for and in a measure retrieved last year's defeat.

**Practice Games.**

With the last big game of the season in view but five days off, Wisconsin yesterday played its most slovenly game of this year. Against an all star aggregation the regulars were only able to score 12 points and that by the raggedest of playing. The team seems to have taken a slump instead of approaching the acme of its powers and unless a decided brace is taken Chicago will wind up the season by ignominiously defeating the Badgers on Thanksgiving day.

**Minnesota's Game.**  
The same that was true of Wisconsin was also true of the Minnesota giants and they played a most heartless and listless game against their opponents, a picked scrub team.

**Thanksgiving Games.**  
The most important games to be played on Thursday next, are Minnesota and Michigan at Ann Arbor, Wisconsin and Chicago at Marshall field, Chicago and Pennsylvania at Cornell at Franklin field, Philadelphia, Wisconsin may take a trip west, and so may Michigan, but otherwise the football season for 1902 will be over and a thing of the past.

**Yale the Best.**  
Of the Big Four in the east, Yale ranks first with Harvard or Princeton second, and Pennsylvania trailing along really out of the class of the other three institutions.

**Michigan the Best.**  
In the west Michigan is the best thus far with Minnesota striving hard for the honors. Wisconsin looks a good third, although a defeat by Chicago will place it completely in the rear.

**No Lawyer There**  
Billy Saunders is a natural born wit. He is in his eighteenth year, living here in New York, and is still working on his trade training. On a recent occasion Billy said:

"I say Billy, did you ever know of a painter going to heaven?"

"Yes," replied Billy, "I knew of one once."

"But do you think they stayed there?"

"Well, I did hear that they tried to put him out."

"And did they not succeed?"

"No. According to last accounts they had not succeeded."

"Why, how was that?"

"Well, sonny, it was this way: They couldn't find a lawyer in the place to draw up the papers!"—New York Tribune.

A woman in this city is so afraid of microbes that she will not sit on a chair, unless it has been washed with Rock Mountain Tea. Smart woman, 35 cents. For sale at Smith's Pharmacy.

**Excursion Rates for the Holidays**  
Via the Northwestern Line. Excursion tickets will be sold at reduced rates to points on the North Western System within 200 miles of selling station, December 24, 25, 31 and January 1, good returning until and including January 2, 1903. Apply to agents Chicago & Northwestern R'y.

**To Cure a Cold in One Day.**—Take Eucalypti Balm. Quinine Tablets. All dealers sell it. It falls to cure. E. W. Groves' signature on each box, 25c.

**Expel Undesirable Foreigners.**  
Buenos Ayres, Nov. 24.—The senate and chamber have passed a bill which authorizes the expulsion of undesirable foreigners.

**Team Kicks Former Law Maker.**  
Starbuck, Minn., Nov. 24.—John T. Johnson, member of the 1893 Minnesota legislature, was killed by a runaway team.

## MAD ELEPHANT KILLS KEEPER

## BIG BRUTE ESCAPES FROM CAR

Infuriated Beast Is Located in a Cotton Field, Where She Was Ruining the Plants—Explosive Bullets End Her Existence.

Savannah, Ga., Nov. 24.—Gypsy, the largest elephant of the W. H. Harris circus, became enraged on the train between Tifton and Valdosta, Ga., killed her keeper, wrecked the inside of the car, and when the train stopped at Valdosta broke out of the car and terrorized the town, and was killed.

The circus train was wrecked by colliding with a yard engine at Tifton. Several of the animal cars were smashed. Among the animal cars wrecked was that of Gypsy, who was intensely nervous after the accident. Her keeper, James O'Rourke, tried to quiet her.

**Tosses Her Keeper.**  
The great beast was thoroughly frightened and nervous. Six miles out from Valdosta she became so restless and noisy that O'Rourke entered her car for the purpose of attempting to quiet her. The elephant attacked him and before he could escape she had gathered him in her trunk and lashed him against the floor of the car. The first toss killed the man, but the infuriated beast trampled the body until it was a mass of broken bones and bruised flesh.

O'Rourke had not time to close the door of the car after he entered, and when the train slowed up at a crossing near Valdosta the way was open for Gypsy to make her way to liberty. She took advantage of it.

**Mad Brute Is Shot.**

A hasty hunt was organized. Gypsy had taken to the woods, a "rogue" elephant, made desperate by her experience in the Tifton wreck. The hunt lasted for two hours, when the mad elephant was found in a cotton field, tearing up the stalks, tossing them in every direction, and trumpeting as if mad. It was seen to be useless to recapture the elephant, so large caliber rifles and explosive bullets were brought into requisition. After a dozen shots the big brute was mortally wounded and a final shot in the forehead completed the tragedy.

**ELEPHANTS FIGHT MEN.**

Sharp Pikes Aid in Bringing Unruly Beasts to Time.

Philadelphia, Pa., Nov. 24.—Four large elephants made a desperate attempt to escape from an animal car at Fair Hill station on the Reading railway and were only prevented from running amuck after a thrilling battle with their keepers.

The beasts were part of an animal show that was on its way to Atlantic City. Watching the elephants were Head Keeper Oscar Stephenson and three assistants. Just as the train stopped at the station trumpeting, followed by the noise of stamping feet, came from the inside of the car. Above the din could be heard the cries of the keepers and the train hands, and the little crowd around the station realized that something was wrong in the animal car. The door burst open and two keepers with their sharp pikes in hand leaped out.

The monsters were chained by their feet to the floor of the car, and their activity was impeded. From the outside could be heard the noise of the trunks thrashing about. Now and then would come a shrill cry, that told that a keeper had struck home with his pike.

The car began to sway backwards and forwards. The news that the strange battle was on spread rapidly, and soon a big crowd gathered about the station.

Police appeared and kept the panic stricken crowd in check. The battle was short but fierce. The keepers jabbed and beat the beasts when they appeared at the ruined ends of the car. At last the animals were cowed.

**TO MOVE K. P. HEADQUARTERS**

Board of Control Likely to Select Indianapolis for Office Home.

Richmond, Ind., Nov. 24.—Charles E. Shively of this city, supreme vice chancellor of the Knights of Pythias, has returned from a meeting of the board of control of the endowment rank of the order. It was decided at this meeting to remove the headquarters from Chicago because the state of Illinois taxes the assets of fraternal societies very high. The Supreme Lodge authorized such action if the board of control deemed it advisable. It is believed that Indianapolis will get the headquarters.

**Fatal Hunting Trip.**

Hastings, Mich., Nov. 24.—Clarence Wood, aged 13, was fatally shot by a boy of the same age, Charles Aspinall. The boys were hunting rabbits and Aspinall was shooting when young Wood ran in front of the gun.

**Condemn Assassination.**

Telluride, Col., Nov. 24.—The Miners' union has adopted resolutions condemning the "cowardly assassination" of Arthur L. Collins, general manager of the Hargranger-Union Mining company.

**Heard Him Preach**

A hard-fetched man, dressed in suit of very cheap black, called at the house of a well-known ex-governor and upon giving his name was invited to take a seat in the gentleman's study.

"I have a few days to spend in town," said the visitor, "and I did not want to leave without calling and

paying my respects to you. I have heard you preach many a time."

"Yes," said the parson, beginning to take an interest in the visitor.

"I like your preaching, though I do not belong to your church, yet I must say you preach the best sermon I ever heard."

"Yes," said the parson.

"There are so very few good preachers now, very few in whose uprightness we can place trust, that when we meet one of the right kind we like to express our appreciation."

"Yes," said the parson.

"There are so very few good preachers now, very few in whose uprightness we can place trust, that when we meet one of the right kind we like to express our appreciation."

"Yes," the good man repeated, and as the bell tinkled he rose and said, "Come, my friend, and take some lunch with me."

The visitor was only too happy, and, seated at the table, began to eat with an avidity that attracted his host's attention.

"You say you have heard me preach many a time," remarked the preacher.

"Oh, yes," the man replied, conveying an ample allowance of mashed potatoes into his mouth.

"I don't remember seeing you at my church. I suppose you have heard me in the country?"

"No," said the visitor, helping himself to beans, "not in the country."

"Certainly not in town?"

"Well, sorter yes and sorter not. You know you preached at the prison for some time. I was there for stealing a horse and cart, and finished my time today. I'll thank you for the bread."—Tit-Bits.

**DECLINE IN GREAT SALT LAKE**

Low Waters of the Lake Cause Uncertainty; the United States Geological Survey Requested to Investigate Its Decline.

The decline in the waters of Great Salt Lake, Utah, which has been in progress for the last sixteen or seventeen years, has become a matter of concern to local property owners and of much interest to scientists. In the fifteen years ending with 1900 the lake had fallen 9.5 feet, a decline more serious than at first realized, as the lake is very shallow, averaging less than 20 feet, and as the eastern and western shores slope so gradually that a fall of a foot in the level exposes many square miles of bottom. Business interest centering around the lake have so suffered from the decline so that within the last twelve months a petition signed by a number of the prominent officials of Utah was sent to the United States Geological Survey requesting an investigation of the phenomenon. Some light is thrown on the movements of the lake in the last (Twenty-second) Annual Report of the Survey, Part IV, now in press, in which a careful comparison of the rainfall records since 1863 has been made. It is found that the low-water fluctuations of the lake, on which there has been several since that time, correspond in a remarkable degree with the periods of deficient rainfall, and it has further been discovered that one inch of rainfall per year more or less upon the watershed of the lake makes a difference of 0.25 of a foot in the water level. This ratio, applied to the present low water on the basis of the deficiency in rainfall for the last fifteen years, which amounts to 14.7 inches, seems to account for less than half of the present fall, so that other causes for it must be found. In recent years it has been suggested that the increase in irrigation of adjacent lands by water taken from streams feeding the lake has caused the lowering of its waters. Large quantities of water are spread upon the farm lands by irrigation, partly to be absorbed by vegetation, partly to be evaporated, and partly to return to the streams or lake in the form of springs. On account of the artificial control of the streams feeding the lake the causes of the present low water have become much more complicated, but careful readings of the lake levels are being made, and additional observations taken, to discover the causes of its decline and to learn, if possible, what part irrigation plays in it.

**Liquor Expanded the Liver.**

At an inquest at Islington (Eng.) on a man who had "lived on champagne and brandy for the last three weeks." It was stated that his liver weighed 150 ounces, three times its normal weight.

**Heart Beats Per Minute. Weak Heart**

**Complicated With Kidney Trouble.**

**Dr. Miles' Heart Cure Cured Me Permanently.**

"Your medicine is worth its weight in gold, and I cannot recommend it too highly for the good it has done me. I was troubled with heart disease complicated with a weak back and kidney complaint for a number of years. Although five of our best doctors waited on me I grew worse instead of better, until at last nothing seemed to do me any good. I had a rapid pulse varying from 100 to 120 beats per minute, aching and burning sensation in the wind-pipe, and pain in the heart. At the time I began taking Dr. Miles' New Heart Cure I weighed but 130 pounds. After using the medicine a month I weighed 150 pounds and felt well and strong and hearty. My nerve, heart and kidney troubles are all gone now and as this cure was performed nearly seven years ago I know that it is permanent."—Edward Knapp, Wilkesville, Ohio.

"For many years I have been a great sufferer from heart disease. I was subject to faint and sinking spells, with a clutching, oppressive or full feeling at the heart, that is difficult to describe. I was unable to attend to my household duties and was thoroughly wretched and miserable. I doctored with some of our best physicians but got no relief until I tried Dr. Miles' Heart Cure and Nervine. I experienced benefit from the first bottle. I weighed 150 pounds and felt well and strong and hearty. My nerve, heart and kidney troubles are all gone now and as this cure was performed nearly seven years ago I know that it is permanent."—Edward Knapp, Wilkesville, Ohio.

# GOVERNMENT.

The policy of enforcing unionism everywhere, even where it isn't wanted by the laborers themselves, as in the case of the Schenectady railroad; the coercion of men and corporations by the boycott; the display of hostility to the National Guard by the expulsion of members belonging to it; the defiance of law in the case of all great strikes, are simply different phases of an endeavor to substitute trades union government for the government we have.

The present government aims at the establishment of equal rights among all men in the enjoyment of life and the pursuit of happiness. Trade union government aims to make money for those who belong to trades unions. The great annual fund of profits now divided according to the fundamental law of trade, the trade unionists would divide arbitrarily so as to increase their share; and they would permit nothing to stand in their way to success.

Herein is the radical and irreconcilable conflict between popular government and trade union government.

"We're for the United States"—New York Sun.

The "Sun" states the question very tersely, and the sentiment expressed will be endorsed by thinking people. That there is a limit to the rights of organized labor, is not a debatable question, but that this limit is overlooked, and rights frequently abused, is also apparent.

The country is passing through an era of consolidation and organization, and labor has not only caught the spirit of the times, but in the development of the new order of things extreme measures are advocated, which contain elements of danger.

Organized labor represents but a fragment of the labor of the country, and yet it attempts to dictate terms and conditions for all labor. An eight hour work day is demanded for itself, and the great army of unorganized labor, whether in sympathy with the movement or not, is expected to join in the demand.

Through its agencies it attempts to enlist representatives from every department of toil. The farmer the postal clerk, and government employees generally, and last, but not least, the school teacher. Chicago is just now confronted with a camp of organized teachers which is not only in sympathy with the Federation of Labor, but has recently become identified with it.

This new organization has an ambition to go away with the school board, and revolutionize the school system of the city.

Organized labor is the only organization with which the public has to deal that is financially irresponsible. It demands the right of contract, and ignores obligations with apparent indifference, and there is no redress.

The National Convention now in session at New Orleans is confronted with another proposition, that should cause all thoughtful laboring men to pause and consider. An effort was made by the socialistic element to have socialism endorsed by the Federation, and but for the strong arguments against it by Samuel Gompers, and a few other level headed leaders, the measure would have passed. It was only prevented by the small margin of 400 in a convention representing about 8,000 delegates. Measure and had it carried American labor would have taken a backward stride, from which it could have recovered in 25 years.

It is cause for regret that the labor movement is subject to so much unwise and impractical agitation, and that the leadership is inclined to be blindly partisan.

The average American citizen works for a living. He is content to work for some one else, and glad of the opportunity, until by good fortune he may be able to work for himself. He is a law abiding citizen, satisfied with the government that gives him protection and loyal to it. He is neither a socialist nor an anarchist, and has no desire to be a revolutionist.

He has discovered that this is a land of great possibilities, and that fortune is at the feet of every man who persistently and intelligently digs for it.

There are many good things about labor organizations, but the dangers suggested by the New York Sun are worth considering. Public sentiment stands for good government, and is not in sympathy with any movement that tends to weaken its stability.

# AS A GERMAN SEES IT

A series of articles prepared by Ludwig Max Goldberger of Berlin, Royal Privy of Commerce, and a member of the German Consultative Board, will shortly be published by the Treasury Bureau of Statistics.

Mr. Goldberger spent eight months in the United States on a tour of investigation, and he writes under the title of, "The Land of Unbounded Possibilities." After speaking of the country as an "enchanted garden," and the enterprise and cordiality of the people, he summarizes some of the achievements of the nation which impressed him because of the spirit

of progress, and great development. He is impressed with the fact that while our population, including new possessions, is only 5 per cent. of the world's population, that we occupy 25 per cent. of all the cultivated area of the earth, and occupy it to a purpose.

He finds that of the 60 billion bushels of corn, the world's product from 1895 to 1900, that the United States produced 12 billion bushels. That of the same period the nation supplied 25 per cent. of the wheat and oats. He says that in the production of iron the U. S. proved itself to be a veritable land of unbounded possibilities. It produced nearly 36 per cent. of the total iron produced, and that of the very best quality. In the past year the U. S. produced 39.3 per cent. of the world's product of pig iron. In 1900 it produced, roughly 10.1 million tons of steel, or 42 per cent. of the world's product, and in the year 1901 the U. S. output was increased to 13.5 million tons.

The United States produces nearly 55 per cent. of all the world's copper. The development of the American copper industry was perhaps more rapid than typical for even American changes. From modest beginnings this industry grew by leaps and bounds in a remarkably short time to the most important factor in the world's production. In 1870 the copper production of the U. S. amounted to 12,000 tons; in 1880 its production had increased to 27,000 tons out of a total world production of 153,000 tons; in 1890 the U. S. produced 116,315 tons of the world's production of 260,455 tons. During 1895 it controlled more than one-half of the world's production and at the end of the century the U. S. produced 270,000 tons, or more than the world's entire product had amounted to ten years before.

The output of lead in the U. S. since 1895 has increased to such an extent that it has wrested from Spain the position of primacy in the world's production. In 1870 the copper production of the U. S. amounted to 12,000 tons; in 1880 its production had increased to 27,000 tons out of a total world production of 153,000 tons; in 1890 the U. S. produced 116,315 tons of the world's production of 260,455 tons. During 1895 it controlled more than one-half of the world's production and at the end of the century the U. S. produced 270,000 tons, or more than the world's entire product had amounted to ten years before.

The rivalry of the U. S. in the production of quicksilver has been equally strenuous. In 1900 for the first time Spain's share in the world's product amounts to but 28 per cent., while the U. S. furnishes 33 per cent. of the world's total production.

The total world's production of gold for the year 1900 was estimated to be 255.6 million dollars; that of silver represented a cologne value of 223.5 million dollars. For the year 1901 estimates for both metals amounted to 265 million dollars. In each of the two years the United States showed the greatest share of both metals; 31 per cent. of gold and 33 per cent. for silver.

# POST CHECK CURRENCY

Hon. H. A. Castle, auditor for the U. S. post office department, says in the July, 1902, North American Review:

A measure is now pending in congress embodying what is known as the "Post-Check" system, which is intended to furnish something more simple and accessible than money orders for ready use in making small remittances. To adapt these notes to their purpose it is provided that the words "payable to bearer on demand" shall be eliminated; and the words "payable to the payee named herein; payable to the bearer if the spaces are not filled," be substituted. These notes will thus pass from hand to hand as currency until the blank space is filled. Thereafter they are only payable to the payee; they can be redeemed at any money order office and they will not again be used as a circulating medium. They will find their way by legal channels to the United States treasury, where they will be handled and destroyed as mutilated currency.

This plan seems to be practicable, to accomplish several desired results simultaneously and to afford accommodation to the entire public at a minimum of labor and expense. The saving that would be effected by treating the paid and cancelled notes as mutilated currency instead of vouchers; the intricate reports and interminable columns of figures that would be abolished; the simplicity of accounting and certainty of correct adjustments that would supercede present complications and uncertainties, can only be appreciable by those familiar with the crude methods employed in the auditor's office for bringing forty millions of money orders annually into dubiously accurate relations with the thirty thousand postmasters who issued and paid them.

Citizens should request their representatives in congress to see that more convenient money is furnished the people.

The people of the United States do not half appreciate the land that furnishes them a home and the great opportunities that surround them. It ought to be a land of perpetual contentment and happiness because it resembles a paradise more than any other land this side the pearly gates.

The fanatical Doukhobors will take time to recuperate before starting out on another pilgrimage. A little missionary work among them, may be the means of turning their zeal into legitimate channels. Common sense and religion belong together, and the latter is weak without the former.

If there is any sense or justice in a game law that exacts \$25 from a non-resident for the privilege of a few days hunt in the northern woods,

and then confiscates his game, when he attempts to send it home, some admirer of the law should arise and explain. The game laws of Wisconsin are principally good for the game wardens.

A non-union union to be composed of men who do not belong to labor unions, is being seriously discussed. The principle object is to protect this class of workmen in their right to labor when and where opportunity presents, and without fear of intimidation.

The miners, as well as the mine owners have discovered that the wheels of machinery move exceedingly slowly, and so they have very wisely decided to settle their own differences. It is safe to say that the country will not again be embarrassed by coal shortage on account of a strike.

Congressman Cooper was sound on the currency question, when he recommended the gold standard for the Philippine Islands. If the new possessions are American, they are entitled to a currency that is at par in any country.

The governor is being unjustly criticized for the part that he is expected to play in electing a United States senator. The governor has no vote on the question and the people's representatives have already been instructed.

# PRESS COMMENT

Marquette Eagle: Babcock got out of the race, but keeps hold of the reins.

Eau Claire Telegram: Wisconsin's delegation in congress will line up practically solidly in favor of tariff revision.

Milwaukee Journal: Probably Mr. Babcock did not say there would be an extra session, but this fact will not prevent such an event, in case the experience of the president with bears has taught him how to bring down trusts.

Racine Times: Mrs. Bob Burdette is authority for the statement that a woman who doesn't know how to love her boy hasn't any real appreciation of the mission of club life. We were just wondering where the old man comes in.

Milwaukee News: As Thanksgiving day draws near at hand, the good citizen will take down his turkey ride from behind the door, all up the locker, wipe out the barrel with a greased rag, run out some extra fine bullets and otherwise make preparations for the turkey raffle in the corner saloon.

Neenah Times: The honk of the wild goose as it floats earthward; the shimmer on the last of the golden rods; the bark of the squirrel; the gobble of the turkey and the cackle of the geese and ducks; the extra high roosting of the turkey, and the innocent smile on the face of the doctors, all tell us that Thanksgiving day is near at hand.

Milwaukee Journal: We are told now that Mr. Babcock's management for a second time put Wisconsin to the forefront in the making of a west. That is as well as far as it goes, but it is small glory for Wisconsin if she has helped to embarrass tariff revision instead of to advance it, and has only a little paltry patronage in the house of recompense for the betrayal.

Appleton Post: Of course Mr. Cannon is a man who, if he gives his pledge that he will favor tariff revision, can be depended upon. If he refuses to do this he should not have the support of revisionists, even though he is a western man. Up to date he is commonly regarded as a western man with eastern sentiments regarding the tariff. For our part, we should rather see a speaker chosen who is an eastern man with western sentiments, like Mr. Littlefield, of Maine, for instance.

Marquette Star: Congressman-elect Welles urges the democratic members of the legislature to vote and work for the primary election law and the tax reform, as being the only chance for salvation for the democratic party. Welles can be credited with having political sagacity. The course he points out is the only thing possible for the democrats to do if they wish to overcome the bad effects upon the party caused by the whoop-la campaign.

Milwaukee Journal: Articles are appearing showing that the governor ran behind his running mates. This seems to be the luck of most people possessing ideas of their own, but it is nothing new at all. Some talk or write as if this was something unheard of before in the history of the state. Other governors have run behind on their ticket and as badly. Governor Scofield ran thousands behind on a less vote than that cast the other day. He was till elected, as was Governor La Follette.

Neenah News: Hope springs eternal in the living breast. But when it gets a lurch like that felt in the great concern now being expressed for the oversight of the Hon. Isaac Stephenson of Marquette, by newspapers that have assailed his political character with intent to kill, in the not far away past, it sort of springs all over a fellow. Mr. Stephenson, according to developments since a serious disease of the eye has caused him to suffer, turns out a mighty good man. Maybe something good would be found in a lot of us boys, if affliction should lay hold. Keep on giving hope a hunch.

Racine Journal: Tariff revision is playing an important part in this speakership matter, not that it is expected any steps will be taken in the com-

ing short session, but that measures must be on foot, in the next congress assembling in December, 1903, to revise the tariff in compliance with the republican platform of 1896 which declared the republican party was not pledged to any particular schedules and that the question of rates was a practical question to be governed by conditions of the time and production, the ruling and uncompromising principle being the protection of American labor and industry. This is now the platform of progressive republicans.

Milwaukee News: In withdrawing from the speakership contest Representative Babcock secured such prestige to himself as the circumstances of his candidacy permitted. There was little chance of his securing the prize had he made a fight for it. With a candidate from Illinois and one from Wisconsin, it was obvious that one or the other would be forced to give way to keep the speakership in the west. It is doubtful if Babcock ever seriously contemplated making a contest for the place. He has gotten the endorsement of the Wisconsin delegation, and, unable to control it for trading purposes, his retirement as an ostensible candidate was the only thing for him to do.

# STOCKMAN IS VICTOR

Thomas B. Lee of Kansas City Wins Victory Over Chicago Firm. In dismissing a charge of malicious mischief against Thomas B. Lee of the Lee Live Stock Commission company, Justice Fitzgerald renders a decision that gives keen satisfaction to those interested in the live stock trade.

The Lee company recently bought the offices, fixtures and pen rights of the defunct firm of Ewart Bros. & Baker, paying off its obligation to the Stock Yards company. The management, however, refused access to the pens used by the defunct firm, although they were empty, other commission men at the yards recognizing the right of the Lee company to the location.

Having no place to yard his cattle, Mr. Lee took forcible possession of the pens by breaking the locks, and the management promptly had him arrested on the charge of malicious mischief.

Calls Charge Absurd. "This charge is absurd," said Justice Fitzgerald after hearing the evidence. "The stock yards is a public market and not essentially a private property, and when Lee took possession of these pens he did so under a color of title. The Stock Yards company have evidently sanctioned the custom of permitting commission firms to hold definite locations in the yards and, when the Lee company purchased the pen rights of another concern with the cognizance of the yards management it acquired a color of title any court would recognize."

"I advise him, however, to secure an injunction restraining the company from interfering with him."

Mr. Lee had the practically unanimous support of the trade in throwing down the gauntlet to the market management.

The case has attracted attention at every live stock exchange in the country.

Too many children eat up the broth. A widow is a bottle of champagne recorded. Generally the actress who sets out to elevate the stage, succeeds in blowing the bank account of her backers sky high.

Women are too romantic ever to figure out after they are married how many pairs of shoes for the baby all the theater tickets and suppers during her engagement would have paid for.—New York Press.

# New Cure for Dyspepsia.

A new cure for dyspepsia is now out. "Let the patient," says one of the faculty, "drink from one to three pints of water one hour before each meal, and then comfortably seat himself in an easy rocking-chair and work backwards and forwards one half hour. The rocking will agitate the water in the stomach, and wash the walls completely."

# Heavy Monetary Transaction.

It is said that in one day recently Howard Frothingham, representing the associated banks on the floor of the New York exchange, loaned \$13,000,000 at an average interest of 12 1/2 per cent.

# The JA ESVI LE STAMP & STENCIL COMPANY

## INTERURBAN RUNS ITS FIRST CAR

ELECTRIC LINE SENDS CAR UP FROM BELOIT.

### RAN SATURDAY AFTERNOON

Linemen Busy Stringing Telephone Wires To Aid the Operators and Officials.

The indications now are that the Beloit, Delavan Lake and Janesville Interurban road will be in operation in a short time. Saturday afternoon the first electric car over the line from Beloit to this city was run up as far as the Conrad warehouse at the south end of the Jackson street bridge. The line was found to be in first-class shape and a little more work will put it in shape to run the cars up into the city.

The cars on the new electric line will be a great change from those now operated by the Janesville Street Railway company. They are modern cars in every respect and have all the conveniences of the modern railway coach and are almost as long and heavy and cost about as much.

The linemen are at work today stringing the telephone wires along the poles for the use of the train dispatcher and the officials of the company. It has taken considerable time to build the line, but when completed it will be first-class in every respect and will stand the strain of the heavy car and running at the rate of from forty to fifty miles an hour. The road will probably be formally opened some day this week.

## BARTENDERS PLAN TO GO TO BELOIT

Janesville and Rockford Men Will Be Royally Entertained By Beloit Organization Tuesday.

Fifteen or twenty local bartenders are planning to attend a supper to be given by the Beloit bartenders on Tuesday night. The Rockford bartenders are also invited to be present on that occasion. Elaborate preparations are being made by the Beloit committee in charge of the supper, which will be held in one of the large Beloit halls.

A sparring match will precede the supper two well-known boys having been engaged for the go, and other plans have been made to provide for the enjoyment of the guests. The supper planned will be on a lavish and costly scale, and every indication points to an unusually pleasant social gathering. The Beloit bartenders have been strengthened by an organization since early in the summer and they are in a position to prove themselves the most pleasant of hosts. Two members of the Beloit committee of arrangements were in the city on Saturday afternoon and evening to extend the invitation. The plan of the local barmen is to take the 8:10 train on the Northwestern tomorrow evening, meeting at the depot at eight o'clock.

## MABEL PROCTER ASLEEP IN DEATH

Daughter of G. A. Procter Dies From Injuries Sustained In A Fall.

Miss Mabel Procter, daughter of Mr. and Mrs. G. A. Procter of the town of La Prairie, died this morning at 7:15 o'clock of injuries sustained last Wednesday when she fell down the stairs at her home. Deceased was in the fifteenth year of her life having been born January 15, 1887.

Mabel was the youngest daughter of the household and had always been in delicate health. She was subject to sinking spells and was taken with one last Wednesday as she was descending the stairs. In her fall a blood vessel was ruptured, her spine injured and partial paralysis resulted. Death brought her release from a life of suffering and pain and while the bereavement is a heavy one for the family, they have the consolation of knowing that their dear one is at rest.

Besides the bereaved parents, two brothers and five sisters are left to mourn their loss. The deceased was a devoted daughter and a very kind and helpful sister.

Funeral services will be held from the home Wednesday afternoon at 2 o'clock and the interment will be in Oak Hill cemetery.

## WENT TO BELOIT TO HEAR LECTURE

Party of Christian Scientists Heard Carol Norton, of New York, Sunday Afternoon.

Quite a large delegation from this city went to Beloit yesterday to attend a lecture which was given by Carol Norton, of New York City, at the opera house on the teachings of the Christian Science. Sixteen of the party made the trip overland in a carryall and the others went by train.

The Janesville delegation included Mesdames Helen Sherer, Charles Atwood, E. C. Burdick, B. Hopkins, Susan Jerome, L. O. Robinson, Myra Spencer, James Fifield, Christine Hawley and O. D. Brace; Misses Miller, Hanson, Miller, Corwin, Fifield and Cowles; and Messrs. M. P. Richardson, G. W. Chase, Orville Swift and Grant Hyde.

LODGE MEETINGS TONIGHT. Janesville Lodge No. 55, F. and A. M. at Masonic hall.

Florence Camp No. 366, Modern Woodmen of America, at West Side Odd Fellows' hall.

Badger Council No. 223 Royal Arcanum at East Side Odd Fellows' hall.

### NOTICE.

The Gazette is willing and pleased to publish all notices of lodge or society meetings, but it has found it necessary to make the rule that all such notices must be received and left at the office before 11 o'clock of the day they are to be published. In the future no notices, except paid ones, will be received over the telephone.

### FUTURE EVENTS

Regular meeting of the common council this evening.

Miss Kellogg lectures on the Five Great Powers of Italy before the Monday club at the Congregational church this evening.

Men's meeting with supper and discussion of the subject, "Sabbath Observance" at the Presbyterian church tomorrow evening.

Brotherhood of Railway Trainmen's annual dancing party at Assembly hall next Wednesday evening.

Miss Percy Haswell in "A Royal Family" at the Myers Grand next Thursday afternoon and evening.

Mrs. Agnes Wisch

The remains of Mrs. Agnes Wisch were brought to this city from Chicago Saturday evening and taken to the home of her niece, Mrs. George Eggleston, 159 West Milwaukee street.

Funeral services were held from Trinity church yesterday afternoon and were largely attended. The floral offerings were numerous and beautiful. Rev. J. A. M. Ritchey officiated and the choir of Trinity church rendered the song service beautifully.

At the close of the sad service the remains were taken to Oak Hill cemetery for interment, the pall bearers being Will Hayes, Ed. Connell, Will Deltmar, Harry Aschcraft, Frank Baack and Charles Myhr.

Golf Club Party

On Thursday evening the annual party of the St. Louis Golf club is to be held at Central hall, and those who have been invited to previous parties of the club are cordially invited.

## TIN WEDDING IS JOYOUS AFFAIR

DR. AND MRS. G. H. WEBSTER, CELEBRATE ANNIVERSARY.

### A FAMILY DINNER IS GIVEN

Wedding Ceremony is A Pleasant Feature of the Occasion—Unique Souvenirs and Gifts.

Yesterday was the tenth anniversary of the marriage of Dr. and Mrs. George H. Webster and the occasion was celebrated at their home, 6 South Jackson street, in a very pleasant manner. Invitations were issued for a four o'clock dinner, the guests including the relatives of the host and hostess and a very few intimate friends.

Twenty-five people enjoyed the hospitality of Dr. and Mrs. Webster and the company was an especially jolly one. The two long tables at which dinner was served were decorated with pink carnations and smilax and at each place was a unique and appropriate souvenir, a card to which was attached a miniature article in tin.

Dinner And Postprandial

The dinner itself was an elaborate and elegant one being served in five courses. There was an abundance of the choice viands and the service was faultless. When the last course had been finished there was an interesting post prandial program.

Unlike the customary after-dinner program, the one of yesterday did not consist entirely of toasts. The guests were informed that each one present was expected to do something for the result was a fine program of vocal and instrumental music, recitations and clever toasts. Some of the numbers furnished a great deal of amusement.

Were Re-Married

One of the pleasant features of the anniversary celebration was the wedding ceremony with which Dr. and Mrs. Webster renewed their vows of ten years ago. Promptly at eight o'clock, the happy couple, unattended, entered the parlor to the strains of Mendelssohn's wedding march played by the bride's cousin, Mrs. W. Z. Winbiger. The ceremony was performed by the Rev. George F. Carle, uncle of the bride, the ring ceremony being used.

Appropriate Gifts

The balance of the evening was spent with music and informal sociability. The hostess was the recipient of many appropriate souvenirs of her tin wedding, her stock of kitchen linens being abundantly replenished.

A conspicuous gift was a pyramid of nickel-plated tin pans in graduated sizes from the largest to the smallest, which was presented by her brother, Frank Alverson, and wife, of Barrington, Ill., who were in the city for the occasion.

WHAT PEOPLE ARE DOING

Initiation Tonight: There will be initiation of candidates to the Royal Arcanum this evening and a full attendance of members is requested.

W. R. C. Meets: A full attendance is desired at the W. R. C. Tuesday afternoon. An invitation to attend H. S. Swift Corps at Edgerton will be considered.

Will Dedicate Church: Rev. Robert C. Denton went to Evansville today and this evening he will preach the dedicatory sermon at the Congregational church in that city.

Sold His Team: E. A. Kemmerer has sold his driving team, "Bill Skinner" and "Charley Brittain" to a Marinette party.

Dancing Party Given: The Rusk Lyceum held a dancing party Saturday evening at East Side Odd Fellows' hall. The hall was comfortably filled with dancers and all had a pleasant time.

High Bowling Scores: The following scores above the two hundred mark were bowled on the Hockett alleys last week: Cunningham, 207; Frye, 208; Welsh, 210; 222; Nolan, 229; Gibson, 215, 224, 237.

To Lecture on Italy: Miss Louise Phelps Kellogg, of Madison, will give her third lecture before the Monday club in the Congregational church parlors this evening. Her subject will be: "The Five Great Powers of Italy."

Sampling Tobacco: Fisher & Fisher have sampled 1,200 cases of their 1900 tobacco and find it in good shape. Customers To Have Charge: The Janesville Lumber Co. will leave their local business in charge of F. L. Clemens, when the main offices are moved to Minneapolis, which will be after January 1. Mr. Clemens has been prominent in Janesville business circles for many years and is eminently fitted to take charge of the local office.

Novel Court Order: George Truesdell was found guilty in the municipal court Saturday of setting fire to a box filled with hay belonging to Thomas Drummond and in consequence received a sound spanking from his father. The case has been on trial several different days and was finished Saturday. Judge Fifield decided that he was guilty of the charge and fined him \$1 and costs. The fine, however, was remitted by the judge on condition that his father administer a sound whipping to him, Chief Hogan being the witness to see that the order of the court was carried out.

In Justice Court: Josie Earle gave decision this morning in the case of Fred J. O'Brien against Neils Lein, ski, held over from Friday for judgment. The dispute was over a sum alleged to be due for some cabbage and a mower. Justice Earle found as follows: That the defendant was indebted to the plaintiff in the sum of \$8; that the plaintiff was indebted to the defendant for a day's work of three horses, amounting to \$2.25; that the defendant therefore owes to the plaintiff \$5.75, and the costs of the action, \$12.05, in all \$17.80.

### NEWS OF A PERSONAL NATURE

James Haggart went to Chicago today.

Miss Mary McWay is the guest of relatives in Detroit.

R. M. Seaton of Whitewater, spent Sunday in this city.

E. C. Loveand of Stoughton was a visitor to this city Sunday.

Charles P. Fuller of Evansville was in the city on business today.

Larry Crane, of Aurora, Ill., is greeting old friends in this city.

Miss Underhill of Edgerton was in the city today on a visit to friends.

Dr. H. B. Anderson of Orfordville visited relatives in this city over Sunday.

Charles B. Withington is critically ill at his home, 58 South Academy street.

The Misses Belle Connell, Lena Knipschild and Anna Cox spent Sunday with Beloit friends.

W. H. Gates and wife, of Milton Junction, were visitors to this city this morning.

L. S. Hillbrandt, who has been dangerously ill for some time past, is improving slowly.

Mr. Fred Parsons of Toledo, O., spent Sunday with his wife and relatives in this city.

Sheriff Maltress went to Edgerton this morning to look after the building he is erecting there.

Miss Alice Farnsworth was a guest at the home of Mr. and Mrs. J. F. Rosenblatt, of Beloit, over Sunday.

Mrs. Miles Rice of Milton was a visitor to this city today. County Treasurer Rice is laid up with a carbuncle on his neck.

Rev. and Mrs. J. T. Henderson entertained Mrs. Henderson's brother, Robert L. Banford of Chicago, over Sunday.

Assemblyman Charles L. Valentine returned home today from a hunting trip in Forest county. He was fortunate enough to kill a fine deer.

Mr. and Mrs. J. S. Dinius of Chicago are the guests of Mrs. W. Robinson and Mrs. M. E. Woodstock, sisters of Mrs. Dinius.

Mr. and Mrs. James Earle, Mrs. Ada Johnson and daughter and Mrs. William Dullere were called to Edgerton Saturday by the death of their brother, Willie Smith.

Mr. and Mrs. Frank Alverson of Barrington, Ill., are the guests of Dr. and Mrs. George H. Webster, having come to attend the Webster tin wedding celebration yesterday. Mr. Alverson is visiting in the city, the Mrs. L. N. Howe of St. Charles, guest of her sister, Mrs. E. E. Bullock, and will remain until after Thanksgiving.

Harry E. Schwann, traveling agent for D. M. Ferry & Co., left today for his home in Mason City, Ia., after visiting his parents, Mr. and Mrs. S. Shawman, at their Ruger avenue home over Sunday.

## PRESBYTERIAN MEN TO MEET SOCIALLY

The Question of Sabbath Observance Will Be Discussed After Supper Tomorrow Night.

Tomorrow evening the men's meetings, which proved such a profitable and pleasant feature of the social life of the Presbyterian church last winter, will be resumed. Supper will be served in the church dining room at 6:30 o'clock and will be followed by a program at which I. F. Wortendyke will be the chairman.

The general subject for discussion tomorrow night will be Sabbath Observance and it will be treated under three sub-topics: "Why Should the Sabbath Be Observed?" "The Closing of Places of Amusement on Sunday" and "Sunday Amusements."

There will be talks in these three subjects by three gentlemen of the congregation and a general discussion will follow.

These social gatherings for the men of the Presbyterian church were instituted last February and were a great success. The suppers are served by the Ladies Aid Society and the evening devoted to discussions of timely topics. The average attendance is twenty-five gentlemen.

There are no officers to the association and the programs for this year are in the hands of a committee consisting of Rev. J. T. Henderson, I. F. Wortendyke and S. B. Heddies. The meetings will be held once a month on the third Tuesday evening of the month.

## CAPTAIN DREYER'S TEAM WON THE GAME

Association Juniors Played An Open Game Saturday Afternoon—Put Up A Good Contest.

Two basket ball teams from the Junior department of the Young Men's Christian association played an open game in the gymnasium of the association, before a delighted audience, Saturday afternoon. The two teams were picked from the four regular squads, and put up a first-class exhibition, considering the age of the contestants.

Elmer Dreyer and Verne Merrill captained the opposing teams, and that under the former leader won by a score of seven to four. The other team played the cleaner game, having fewer fouls, but were unable to throw the goals when in a position to do so.

The men under Dreyer were especially strong in this particular, which accounts for the result.

Vaccinated

She was a sweet, young thing, and as she walked along by her side he suddenly remembered that she had been vaccinated and hastened to make inquiries. "You have been vaccinated, haven't you?" he asked. "How is your arm?" She turned to him a face that only too plainly showed that she was suffering and replied mournfully, "Oh, it's so sore I can hardly walk on it." And then she wondered why he laughed. —L. F. S. in November, 1902.

## FORTUNE FAVORS LOCAL HUNTERS

SPLENDID SPORT FOR MEMBERS OF KE-NO-SHE-EA CLUB.

### MANY NOBLE DEER ARE SLAIN

Charles W. Schwartz Returns Home In Triumph With Two—Wild Ducks In Abundance.

Charles W. Schwartz and Sanford Soverhill returned home Saturday afternoon from a three week's outing in the camp of the Ke-no-she-ea club. Mr. Schwartz brought home with him two deer, both of which he shot in one day.

One of the deer is now on exhibition in Scarciff's meat market and is an unusually fine specimen. The head is a handsome one and Assemblyman Charles L. Valentine, who has been hunting in Wisconsin woods for the past twenty-five years, says it is by far the finest one he ever saw. Mr. Schwartz will have the head mounted. Janesville Hunters Fortunate.

Dr. J. W. St. John, Dr. E. D. Roberts, Charles L. Valentine, H. G. Carter, W. H. Appleby, Ed. Parker and J. O. Davidson of Madison, are still at the Ke-no-she-ea club house, and when Mr. Schwartz and Mr. Soverhill left for home there were six slain deer in the camp. The lucky owners of the prizes were Messrs. Carter, Roberts, Valentine and Davidson.

Splendid Duck Shooting

Members of the Ke-no-she-ea club are more enthusiastic over their hunting grounds this year than ever before. They report the best duck shooting in the state, Pickeral lake and the other neighboring waters abound in wild celery, which attracts the ducks. There have been plenty of ducks constantly and Mr. Schwartz enthusiastically says that one can get more real sport there in fifteen minutes than is possible at Lake Koshkonong in a week.

Valuable Property

Members of the club also very proud of the property which they own and which is very valuable. It includes sixty acres in the best hunting preserves of the state and the 80 x 24 log cabin which the club has erected, seems very much like home to the members. The club house is open for the members the whole year round, a man being employed to stay there and take care of the property. He also does the cooking for the hunting parties.

In The Heart of the Woods

The overland ride to the club house which is in the corner of Forest Co., is generally made from Antigo, although the club house is thirty-five miles northeast of that place and only eighteen miles west of Waubesa. The longer trip is made in less time, however, as the road between the club's property and Waubesa is extremely hilly. There are fifteen members of the club, those other than the ones who have been in camp this season, being Governor Robert M. LaFollette, of Madison; Thomas B. Earle of Edgerton; T. W. Goldin, L. L. Leffingwell, Fred C. Burpee and A. C. Jenkins.

Wednesday will be linen day at the Big Store. For particulars see our ad Tuesday.

J. M. BOSTWICK & SONS.

George Feser

Ed. Schmiedley went to Chicago early this morning to attend the funeral of his uncle, George Feser, of 2205 Archer St. Mrs. John Schmiedley, Mr. Feser's sister, has been in Chicago for the last week and was with him at the time of his death Saturday morning. The funeral service was held at 10:00 this morning.

Linen Sale

Wednesday will be linen day at the Big Store. For particulars see our ad Tuesday.

## NOTED GUNMAKER DIES OF APOPLEXY

### RESENTS NEWSPAPER ATTACKS

Socialistic Publication Makes Charges Which Infuriate Owner of Greatest Cannon Plant in the World—Was Subject to Fainting Spells.

Berlin, Nov. 24.—The first assumption that Herr Krupp, the great gunmaker, committed suicide is yielding to precise and abundant testimony to the contrary.

Professor Hinswanger, a physician of the highest reputation, was in the apartment adjoining Herr Krupp's sleeping-room when he was stricken, and Dr. Pahl, Herr Krupp's family doctor, also was in the house. It is regarded as being beyond belief that all of them should have conceived of a concealment of the cause of death, which they ascribe to a stroke of apoplexy, induced, they add unofficially, by mental excitement from which Herr Krupp was suffering, owing to attacks on him by the socialist newspaper Vorwarts.

Had a Weak Heart.  
Herr Krupp's medical history for several years past indicates that he was in delicate health. He was asthmatic, had a weak heart, and was subject to fainting spells. He fell to the ground unconscious while in Genoa several years ago, and again while at a hotel here eighteen months ago. He had been warned to avoid overfatigue and worry.

Herr Krupp was at Hamburg, and at Hamburger Hof it was observed that he was in a highly nervous condition and scarcely in control of himself. His condition accounted for the presence of two physicians in the house at the time of his death.

Condole With Widow.  
Mrs. Krupp was sent for from Jena. She is suffering from a nervous malady, but was brought to Essen in a special train.

Chancellor von Buelow, all the ministers and a great number of other officials, following the example of the emperor, have telegraphed their condolences to the widow. Herr Krupp leaves two daughters, who are at school—Barbar, aged 17, and Bertha, 15 years old.

### RICH IRON RANGE IN CANADA

Capitalists Are Interested in Discovery Near Sudbury.

Sault Ste. Marie, Mich., Nov. 24.—An announcement has just been made of the discovery of one of the largest iron ranges in Canada and what will probably develop into one of the most important in America in Wahnapitaa district, north of Sudbury. Chicago and Michigan capitalists, it is reported, who have interests in the iron range of upper Michigan are interested in the new discovery. Thomas Drew, a well-known prospector, who about a year ago was the first to discover the great extent of the ore deposits, is in the city, having come up from Sudbury, in which vicinity he has been working for several months. Mr. Drew confirmed the reports of mineral finds, which will make the country one of untold wealth.

### MANY COTTON MILLS TO UNITE

More Than 100 Plants Already Taken Into Southern Merger.

Greensboro, N. C., Nov. 24.—The cotton mill merger committee has practically completed its work here, having passed upon properties offered them. There will be another meeting here in about three weeks to pass upon properties that were accepted in every respect except that some formalities, such as affixing seal, etc., to papers submitted, had been omitted. A leading member of the committee gives the information that over 100 plants have so far been accepted and that several which are all right except for defects in preparation will, upon supplying these defects, be admitted.

### SHOOT DOWN A FLEEING GIRL

One of Five Riotous Men Wounds Victim of His Insults.

Cheboygan, Mich., Nov. 24.—Eva Featherstone, 16 years old, was shot in the back, probably fatally, by one of a party of five riotous men who passed her in a wagon. John Riordan, who recently came here from England, is under arrest. The girl's assailant jumped from the wagon and made an insulting proposal, the shot being fired as the girl was running away. Miss Featherstone has identified Riordan as her assailant. He denies all knowledge of the affair.

### Six Break Jail

Knoxville, Tenn., Nov. 24.—While one prisoner held the jailer, six others escaped from jail at Dandridge, Tenn. John Perry, who held Jailer Fuller, was unable to get away himself. Officers with bloodhounds are scouring the country.

What's the secret of happy, vigorous health? Simply keeping the bowels, the stomach, the liver and the kidneys strong and active. Burdock Blood Bitters does it.

Diphtheria relieved in twenty minutes. Almost miraculous. Dr. Thomas' Electric Oil. At any drug store. "Little Colds" neglected—thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds—cures big ones too, down to the very verge of consumption.

Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store.

### Late Law Decisions Railroads—Rights of Passengers at Stations

Where a railroad permitted a person in a drunken condition to enter its waiting room, and he used indecent language, and while armed with a knife made an assault on plaintiff, a female passenger, the company was liable to damages sustained thereby. But the husband, who went to the station with his wife to assist her in boarding the train without any intention of himself becoming a passenger, was not entitled to recover against the railroad company for an assault or indignity sustained by him in the hands of such disorderly person.—69 Southwestern Rep. (Texas, Judge Gaines) 994.

### Judges—Liability for Official Acts

A state statute required a guardian to execute a bond before acting, and another statute provided that if the court fails to take such bond, or accept such sureties as do not satisfy it of their sufficiency, the judge so in default and his sureties shall be liable to the ward for any damage he may sustain thereby. Held, that though the judge is not only required to use reasonable care to ascertain that the sureties are sufficient, he is absolutely bound to know that surety of some kind to the bond is actually taken, and if he accepts a bond to which the signature of the surety has been affixed under a power of attorney not legally authenticated, he is liable for resulting damages.—69 Southwestern Rep. (Kentucky, Judge Hobson) 1087.

### Physicians—Skill Required in Treating Patients

Plaintiff brought suit against defendant, a physician and surgeon, to recover damages for the alleged careless and negligent treatment of plaintiff's broken and dislocated arm. It was held that the care and skill required by a physician is not to be measured by that exercised by "ordinary skillful and prudent physicians in that particular vicinity in treating a like injury," but by such as is exercised generally by physicians of ordinary care and skill in similar communities.

### Libelous Publications—Action By Member of a Class

In the recent case of Wofford vs. Meeks, the supreme court of Alabama holds that where a libelous publication is directed against a particular class of persons, each of the persons composing the class may maintain a separate action therefor upon showing that he is a member of the class and that consequently the words were intended to apply to him. Therefore, a newspaper publication charging the court of county commissioners with corruption in the use of money raised by any member of the court, of action by any member of the court. The opinion shows that the proposition is not new, but is supported by the great weight of authority, though it is one that is not often raised. It is a well established principle that every one has a right to comment upon matters of public interest and concern, and this rule applies though the publication is made to the general public by means of a newspaper or otherwise. It is only when the publisher goes beyond the limits of fair criticism that his language passes into the region of libel at all.

### Criminal Law—Irregular Juries

In the California case of Edward Duncan, convicted of murder of the second degree, one of the most novel points recently raised in a criminal case was urged by the defense after the verdict was rendered. It turned out that one of the jurors had not been summoned in the case, but had come in the place of his son, who had been summoned. It was thought that this might invalidate the verdict, but the decisions of the supreme court of California seem to hold to the contrary.

### SOO WOMAN KILLS TWO BEARS

Members of Bruin Family Sought to Destroy Her Turkeys.

Sault Ste. Marie, Mich., Nov. 24.—Mrs. Alfred Seales, wife of a farmer living near the Soo, has the distinction of outdoing President Roosevelt as far as killing bears is concerned. Hearing a commotion among a flock of turkeys which she is raising, Thanksgiving trade, she left the house to investigate and was surprised to find two bears chasing the nation's bird about the farm yard. Returning to the house, she seized her husband's rifle and opened fire. Two shots were sufficient, and the hides of the bruin will soon be in commission as rug on the farmhouse floor.

### HALF MILLION FIRE AT ASHLAND

Two Men Lose Their Lives in Collapsing of Ore Docks.

Ashland, Wis., Nov. 24.—The Wisconsin Central ore docks burned here, causing a loss of two lives and about \$500,000 in property. Twenty persons, including firemen and business men, who aided in fighting the flames, were injured. The loss is covered by insurance. The fire broke out in the Central ore docks and spread rapidly. About thirty workmen who were on the dock when the fire started were cut off from land. They made for the outer end of the dock and were nearly overtaken by the flames when a tug went to their relief.

### Clowry a Bank Director

New York, Nov. 24.—Col. R. C. Clowry, president of the Western Union Telegraph company, has been elected a director of the Seventh National bank. Could interests are among the dominating factors in this bank.

### Kitchener at Adena

Adena, Arabia, Nov. 24.—Lord Kitchener has arrived here on his way to India and has conferred with the commandant, Gen. Maitland, concerning the campaign which is proceeding against the mullah in Somaliland.

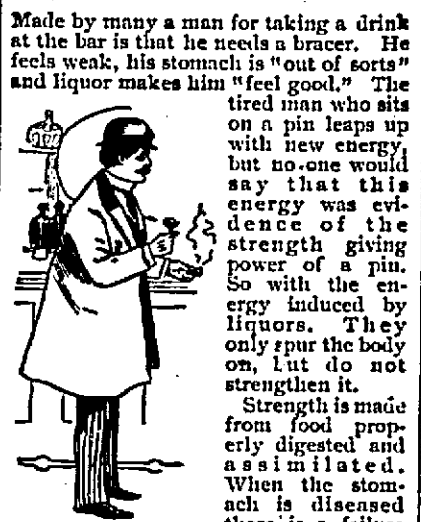

Men from nineteen portions of Europe have within the past eleven months declared their intention at Appleton of becoming citizens.

Queen Lili at Washington. Washington, Nov. 24.—Former Queen Liliuokalani of Hawaii arrived in Washington to remain for some time. She is seeking favorable action by congress on measures for her relief.

Umbrella Factory Burns. Baltimore, Md., Nov. 24.—Fire in the umbrella manufactory of Gans Brothers did \$200,000 damage to the building and stock.

The Wisconsin Telephone company will put in a new exchange building at Eau Claire.

## The Excuse

Made by many a man for taking a drink at the bar is that he needs a bracer. He feels weak, his stomach is "out of sorts" and liquor makes him "feel good." The tired man who sits on a pin leaps up with new energy, but no one would say that this energy was evidence of the strength giving power of a pin. So with the energy induced by liquors. They only spur the body on, but do not strengthen it. Strength is made from food properly digested and assimilated. When the stomach is diseased there is a failure of digestion and the body is starved. To extract the nutrition from food and the body grows weak. The weak body needs strengthening, not stimulating. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, so that the nutrition of food is perfectly extracted and assimilated and the body nourished into health and strength. There is no alcohol in "Golden Medical Discovery," and it is entirely free from opium, cocaine and all other narcotics. Accept no substitute for "Golden Medical Discovery." There is no other medicine "just as good" for diseases of the stomach and allied organs. "Your 'Golden Medical Discovery' and Dr. Sage's Catarrh Remedy have been of great benefit to me," writes (Prof.) Pleasant A. Oliver, of Viola, Fulton Co., Ark. "Before I used the above mentioned remedies my sleep was not sound; digestion bad; a continual feeling of misery. I now feel like a new man." Dr. Pierce's Pleasant Pellets regulate the bowels and liver.

### Sunken Eyes

with "half-moons" under them. These tell stories of suffering, worry, and nerve-decay which all understand. This foe to good looks is quickly dispelled by the use of Palmolive Tablets. They remove the cause, render the eyes bright, brain clear and nerves calm. Cease worrying and look and feel years younger. 50 cents. Book Free. The S. R. Fell Co., Cleveland, O. For sale by Smith's Pharmacy next to Post Office.

STATE OF WISCONSIN—IN THE CIRCUIT COURT FOR ROCK COUNTY.  
Harriet M. Jackson, plaintiff, vs. The Jansville City Hospital, defendant.  
Notice is hereby given that by virtue of and pursuant to a judgment of foreclosure and sale rendered in the above-entitled action in the Circuit Court for Rock County on the 13th day of September, 1902, in favor of the above-named plaintiff and against the above-named defendant, and pursuant to stipulation of the parties hereto, on file with the clerk of said court, I will, on Tuesday, the 2nd day of December, 1902, at 10 o'clock in the forenoon on that day, at the front door of the postoffice in the city of Jansville, in said county, offer for sale and sell at public auction to the highest bidder therefor for cash all of the real estate and mortgaged premises situated in the city of Jansville, Rock County, Wisconsin, and in and by said judgment directed to be sold and therein described as follows, to-wit:  
Lot number one (1) of Block number one (1) of Highland Park Addition to Jansville, according to the duly recorded plat thereof, and being the property known as the Oak Lawn Hospital, or so much of said premises as may be sufficient to pay said judgment, with interest thereon, together with costs of sale.  
Dated November 23, 1902.  
R. J. MALTRESS,  
Sheriff Rock County.

### GOLDEN RULE JONES TO FOUND MODEL TOWN

Intends to Purchase Tract of Land and Establish a Co-operative Colony.

Toledo, Nov. 24.—A great co-operative industrial establishment, for years the dream of Mayor Jones of this city, is about to be launched by him. For a long time the present quarters of the Acme Sucker Rod company, which is owned by the mayor and which manufactures a device used in the pumping of oil wells has proved entirely inadequate. It is his intention to purchase a tract of land on the outskirts of the city and turn his fancy into a reality. It is said his plan is to surround a group of factory buildings with real modern buildings for residence purposes. In addition to these will be a magnificent auditorium for public meetings and Sunday services, a dining hall and a complete gymnasium. There also will be a park, with swimming and other paraphernalia for the outdoor amusement of the children and others.

The entire scheme will be modeled after that now operated by N. G. Nelson in St. Louis, and Mayor Jones contemplates one of the most complete industrial colonies in the country.

### TEXAS MAN RAISES TURTLES AND 'GATORS

Lone Star State Farmer Accumulates Fortune From Odd Business Venture.

Austin, Texas, Nov. 24.—The only turtle and alligator farm in Texas is situated in Lake Sabine, near Orange. The farm is owned and conducted by G. Pavell, who has been in the business for several years and has accumulated a fortune from the sale of turtles and alligator hides. He has a large force of men in his employ, and the breeding grounds of the lake are dragged at certain intervals for turtles and alligators. The turtles are not fit for the market when first taken from the lake. They are placed in pens built for the purpose, where they are fed for several weeks until they are fat and in condition for market. This fattening process gives them a great increase in weight. The alligators are killed and skinned immediately upon being taken from the water. The skins are dressed under Mr. Pavell's supervision and sold in New York city and Europe for good prices.

#### Cheap Advertising.

A newspaper or sheet of paper tied on a window or balcony of a dwellinghouse in Mexico indicates that there are rooms to let in the house.

#### Woman's Way.

Milly—I'm writing to Dolly. Have you any message for her?  
Tilly—What! Writing to that horrid creature! Well, give her my love.

Not Guilty.

"Do you expect to go to heaven, John?"  
"Cert. I ain't neter done nothin', hev I?"

#### Ambiguously Worded.

There was some hilarity recently behind the scenes of a certain London theater when the actors were confronted with the dreaded "notice" to the following effect: "The run of the piece will terminate in a fortnight from today unless the business improves, which it is now doing."

#### Expected Discovery.

All sorts of wonderfully well preserved things are being unearthed in the palace of Nebuchadnezzar in Babylon. It may be possible that they will yet bring to light some of the baled hay he kept at hand to eat when the grass crop was short.

#### English Liquor Statistics.

In the United Kingdom there is one licensed drinking house to every 220 of the population, while for every clergyman in the land there are no fewer than six licensed shops.

#### New Military Raft.

An interesting experiment with a new form of military raft has recently been made on the River Vesle, near Rheims, by a battalion of French Infantry. To keep the raft afloat wheat sacks filled with hay were enveloped with waterproof material. The whole battalion was transported across the river in ninety minutes.

#### Beyond Figures.

Sombody has figured out that the average man utters 11,800,000 words in the course of a year. Of course it would be utter nonsense to figure out the number the wife of the average man would use.—Baltimore Sun.

#### Gen. Stewart a Young Man.

The new commander-in-chief of the Grand Army of the Republic, Gen. Stewart, is but 54 years old. He enlisted while a boy and served over four years during the war of the rebellion.

#### TODAY'S MARKET REPORT.
